

Oregon Tobacco Prevention and Education Program (TPEP): Tier 3 Prerequisites Checklist

Local Public Health Authority:

Tier 3 Prerequisites – If applying to Tier 3, please check at least six of the boxes below to be considered eligible. The timeframe for the following prerequisites is within the previous two biennial funding cycles unless otherwise stated below.

Note: The list of prerequisites was developed in partnership with the Conference of Local Health Officials (CLHO) TPEP Funding Formula Workgroup.

Required as one of the 6 prerequisites for Tier 3 funding: Formal statement of support from Board of County Commissioners or executive leadership to prioritize advancing and passing priority tobacco prevention strategy (i.e. tobacco retail policy, strengthened smoke-free/vape-free policy, etc.)	<input type="checkbox"/>
Tobacco prevention ordinance passed by government within the last three years (updated policy may count as well; examples include strengthening a smoke-free policy to include all tobacco products or removing exemptions)	<input type="checkbox"/>
Comprehensive county tobacco-free policy in place	<input type="checkbox"/>
Demonstrated current health system partnerships (e.g., memorandum of understanding in place, funding agreement, current initiative) for tobacco prevention	<input type="checkbox"/>
Leveraged funding commitment from CCO, federal grant or foundation partner for tobacco prevention and cessation activities	<input type="checkbox"/>
Demonstrated current partnerships with community-based organizations and/or community members most burdened by tobacco for tobacco prevention (note: if selected, LPHA is required to submit a letter of partnership from the community-based partner; see Appendix H for letter of partnership guidance)	<input type="checkbox"/>

Demonstrated implementation of communications strategy, including earned media, to support tobacco prevention strategies in the previous two biennia (2019-2023)	<input type="checkbox"/>
Evidence of shared regional strategy and collaboration in pursuit of priority tobacco prevention strategies	<input type="checkbox"/>
Evidence of local public health accreditation	<input type="checkbox"/>
Evidence of participating in the statewide conversation toward tobacco retail policies (such as flavor restrictions), strengthening the ICAA or another priority initiative (e.g., Board of County Commissioners providing testimony during legislative session)	<input type="checkbox"/>
