Section E: (Comprehensive Pe	diatric Health Care
Certification Standard	Compliant?	Comments
E.1.a: Provides pediatric health care in line with nationally recognized standards of care, including recommendations from the American Academy of Pediatrics Bright Futures guidelines. SBHC providers should refer to Bright Futures to determine age-appropriate levels of service. AAP Bright Futures	☐ YES	
E.1.b: SBHC meets minimum level of		Example:
comprehensive pediatric health care services - see page 16 and 17 of		 STD prevention education and treatment occurs onsite.
certification standards		For chlamydia, either:
		Doxycycline 100 mg po (twice a day x 7 days) (s. f
		7 days) (Preferred treatment) OR
		 Azithromycin 1 gm po (single dose)
	☐ YES	For gonorrhea, either: • Ceftriaxone 500 mg injectable (single
		dose)
	□ NO	 OR Cefixime 800 mg po (single dose) STI Screening and Testing available, at a minimum must have ability to collect specimen/sample. Sample may be sent offsite for diagnostic testing. HIV Screening and Testing available, at a minimum must have ability to collect specimen/sample. Sample may be sent offsite for diagnostic testing.
Certification Standards, Table 2:		
Alcohol & other drug assessment: If not onsite, a written agreement with the outside provider or agency must	☐ YES	
be in place to provide services and for sharing of information necessary to provide coordinated care.	□ NO	
On-site observation of service delivery. Observations may occur during client intake, clinic flow, sick visits, well visits, etc. Prearranged	☐ YES	
scheduling of well visits for the reviewer to observe is no longer required or requested.	□ NO	

As of July 2024 Page 11 of 24

- b. Table 2 specifies the minimum level of comprehensive pediatric health care services that must be available either:
 - (1) On-site: Services are available on-site at the SBHC.
 - AOn-site: Laboratory testing is available on-site as point-of-care testing.
 - (3) On-site: Laboratory must have ability to collect specimen/sample. Sample may be sent offsite for diagnostic testing.

-or-

(4) Referral: Services and laboratory testing available by referral (if not on-site) with system for tracking referrals and follow-up. Referral sources should be youth-friendly, confidential and available regardless of a client's ability to pay. A list of referral sources must be available to the SPO upon request.

Table 2: Comprehensive pediatric health care minimum requirements

Comprehensive pediatric health care	Minimum level of service required
History	
Comprehensive medical histories	On-site
Measurements	
Height and weight	On-site
Body mass index (BMI)	On-site
Blood pressure	On-site
Sensory screening	
Vision	On-site
Hearing	Referral
Physical health services	
Comprehensive physical exams	On-site
Evaluation and treatment of non-urgent, acute and chronic conditions	On-site
Medical specialty services	Referral
Developmental/behavioral services*	
Health assessment**	On-site
Assessment of educational, achievement and attendance issues	On-site
Developmental assessments	On-site
Psychosocial/behavioral assessment	On-site
Depression screening	On-site
Alcohol and other drug screening	On-site
Alcohol and other drug assessment***	Referral
Prescriptions for mental health conditions	Referral
Individual, group and family counseling and treatment	Referral
Social services assessment and referral	Referral

- * Behavioral health services include mental health and substance abuse.
- ** Health assessments may be completed through a health assessment tool or through documented assessment of health risks and strengths (e.g., physical growth and development, emotional well-being, violence and injury prevention, etc.)
- *** If not available on-site, a written agreement with the outside provider or agency must be in place to provide services and for sharing information necessary to provide coordinated care.
- * SPO recommends on-site access to contraceptives and condoms. Providing access to contraceptives is a clinical best practice recognized by the American Academy of Pediatrics, the Centers for Disease Control and Prevention, and other national and international organizations. However, communities may choose to offer contraceptive services by referral.
- ‡ Rapid
- Urine human chorionic gonadotropin (UHCG)
- □ Chlamydia, gonorrhea, syphilis
