**Public comment:**

The new policy should remove the word "consecutive" and just state "14 days in a 30 day period". Theoretically, if you leave the word "consecutive" in the policy, campers can stay 10 days, leave for a day, stay another 10 days. These 20 days are not consecutive. It's still confusing, but if you leave out the word "consecutive", then it becomes clear.
