SECTION 2. PROGRAM AND POSITION INFORMATION

a. Describe the program in which this position exists. Include program purpose, who's affected, size, and scope. Include relationship to agency mission. Oregon Parks and Recreation Department (OPRD) fulfills its mission to "Provide and protect outstanding natural, scenic, cultural, historic and recreational sites for the enjoyment and education of present and future generations" by operating a system of State Parks Recreation, Historic and Natural Areas; by managing special programs including Scenic Rivers, Recreation Trails, Historic Preservation, and Ocean Shores; and by providing assistance to local governments for recreation and heritage conservation. OPRD serves more than 45 million visitors per year through a State Parks Recreation system of more than 250 park areas statewide. OPRD does this through its vision of "Taking the long view to protect Oregon's special places and provide the greatest experience while creating stable future funding". OPRD upholds its mission and vision through the following operating principles: *Accountability, Commitment, Empathy, Empowerment, Fun, Integrity, Respect and Well Being*. The agency's current approved budget information can be found at www.oregon.gov/oprd under *Budget & Facts*.

Central Coast Region is one of three field operation areas within the OPRD Operations Division. Region employees in 12 management units maintain park facilities; provide visitor services and on-site management to OPRD properties in 8 Oregon counties. Coastal Region has 99 parks, waysides and recreational area properties. Facilities and programs include 18 overnight camps and 81 day-use areas, various hiker/biker, horse and group camps, concessions, agricultural leases, State Recreation Trails and Scenic Waterways, historic buildings and volunteer groups, recreation and visitor service programs. The region staff consists of 173.99 year-round and seasonal FTE, and operates with a biennial budget in excess of \$31 million dollars.

b. Describe the primary purpose of this position, and how it functions within this program. Complete this statement: The primary purpose of this position is to:

provide direct, day-to-day supervision of paid permanent, seasonal and temporary employees and volunteer staff in the protection of state park lands, natural and cultural resources, and in the maintenance, operation and repair of state park structures, facilities, equipment and utility systems as an assistant to a Park Manager 3 in the largest OPRD management units, or semi-independently in the smallest of OPRD's management units.

Beverly Beach Management Unit consists of 556 acres in Lincoln, Polk and Tillamook Counties. There are 374 campsites and 261 day-use table's picnic units, which receive approximately 5.4 million day visits and 239,188 camper nights annually. The annual revenue from the unit is approximately \$1.3. The biennial maintenance and operation budget is approximately \$3.4 million. There are 17 full-time positions and 27 seasonal positions. Approximately 20,736 volunteer hours (9.98 FTEs) are donated each year.

Beverly Beach Management Unit is composed of the following properties: Agate Beach, Ellmaker, Beverly Beach Day Use, Beverly Beach Campground, Devils Punchbowl, Otter Crest View Point, Otter Crest Scenic Point, Rocky Creek, Depoe Bay Whale Center, Boiler Bay, Fishing Rock, Fogarty Creek, Gleneden Beach and Yaquina Bay Lighthouse.

The Beverly Beach State Park Management Unit has a total of 101,445.39 Maintenance Management Plan (MMP) hours. MMP hours are a nationally recognized standard of performance in the parks and recreation industry. As such, MMP hours serve not only as an index of the size of any sub-unit in a parks department, but also as a measure of its complexity. The MMP hours, combined with other park operational elements, determine the level of operational and management complexity, resulting in the classification level for OPRD Park Managers and Park District Managers. Operational elements can include but are not limited to: facility and infrastructure development; fewer properties, FTEs and positions; budget, revenue, day use count and overnight visitation; Threatened and Endangered plant and animal species and above- and below- ground resources listed on the National Register of Historic Places; OPRD co-operating associations, intergovernmental or other agreements; or a combination thereof.
