

# Now Hiring: Park Ranger 2

## Emigrant Springs, Blue Mountain Management Unit

*Snowy cabin at Emigrant Springs State Park*

### What can you expect in this role?

Located at Emigrant Springs State Heritage Area, the ideal candidate would work independently and as part of a close-knit, dedicated team. The job requires knowledge of construction, equipment operation and maintenance, park operations, revenue collection, computer skills, customer service, and rule enforcement. This position is perfect for someone hoping to advance their skill set, develop their ability to direct others and lead complex projects and maintenance operations. This position will provide a unique opportunity to help establish day-to-day responsibilities of the role and will work closely with the Park Manager within the Management Unit.

In the summer, this position will run parks such as Ukiah-Dale State Park, Battle Mountain State Park, and Hat Rock State Park; in the winter, it will be focused on Emigrant Springs and support other parks as needed.

### Benefits:

Core benefits include:

Comprehensive medical, dental, and vision insurance plans

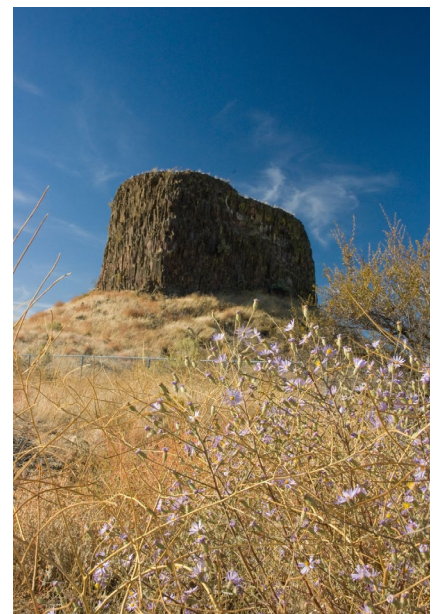

Vacation, personal business, and sick leave

Twelve paid holidays, plus one annual Special Day

Public Employee Retirement System (PERS) pension eligibility

Optional benefits include:

Oregon Savings Growth Plan, flexible spending accounts, short and long term disability plans, life insurance, and union membership benefits

*Hat Rock State Park*

## About the Blue Mountain MU

The Blue Mountain Management Unit encompasses 6,854 acres in Northeastern Oregon's Umatilla and Union counties. The area stretches from Hat Rock State Park along the Columbia River 107 miles southeast to Catherine Creek State Park near the Wallowa Mountains. The parks include an expansive diversity of environments, from deserts to mountains, forests to scenic corridors, trails to roadside viewpoints.

These places also contain important Oregon history, including crucial settler destinations, important battles, and even some wagon ruts remaining from the Oregon Trail.

The management unit includes these properties:

### Emigrant Springs State Heritage Area

**Hat Rock State Park**   **Catherine Creek State Park**

**Hilgard Junction State Park**   **Red Bridge State Wayside**

**Ukiah-Dale State Park and State Scenic Corridor**

**Battle Mountain State Park and State Scenic Corridor**

**Blue Mountain State Scenic Corridor with  
Isculpa Creek Viewpoint**

*Ukiah-Dale State Park creek view*

## Emigrant Springs State Heritage Area

Near the summit of the Blue Mountains, Emigrant Springs State Heritage Area preserves a site where people, including travelers on the Oregon Trail, have replenished water supplies since time immemorial. Now visitors find a refreshing place to camp in a mature forest halfway between Pendleton and La Grande on Interstate 84. On site is a replica Oregon Trail wagon, plus a wide variety of accommodations that includes full-hookups, rustic tent sites, log cabins and even a horse camp. Ten miles of trails are available for hiking and horseback riding.

*Catherine Creek State Park campground*

*Hilgard Junction State Park campground*
