1. GRANT APPLICATION REVIEW PROCESS AND TIMELINE

Step 1: Application Submission

Ongoing: Accepting grant applications until August 1, 2024.

Step 2: Initial Screening

Within 2 Weeks: Upon receiving an application, OSC will complete an initial review of the application for completeness and adherence to basic guidelines. If an application is incomplete or doesn't meet minimum requirements, OSC will notify the Applicant and provide an opportunity for revisions.

Step 3: Internal Evaluation

Ongoing: Applications that are complete and meet the minimum requirements will be sent to OSC's internal evaluation team for review. These evaluations are conducted as applications are received using the criteria and scoring methodology described under Evaluation Criteria, below. OSC will notify Applicants by email if their application is being moved forward to Step 4 or was not selected.

Step 4: AmeriCorps Review

Within 4-8 Weeks: If OSC's internal reviewers approve your application and intend to make an award to the applicant, OSC will send the application to AmeriCorps for final review and approval. OSC will notify Applicants and will provide instructions to complete the federal application form through the online portal called eGrants.

Step 5: Notification

Ongoing: OSC will notify Applicants of the AmeriCorps funding decision on a rolling basis. Successful Applicants will receive funding offers shortly after the decision is made.

Please be aware that the duration of a typical planning grant falls within the range of 9 to 12 months. The timing of your application submission may lead to variations in this timeline, which, in turn, could impact the schedule of your operational grant if you decide to proceed with an operational grant application for a full program design. As such, Applicants could choose to create and apply for a full program design that is less than the maximum 12-months. HECC reserves the right to require a certain planning grant period depending on Applicants' experience. This will be discussed and negotiated with the Applicant.

A new RFA for the subsequent full grant cycles will be issued for those interested in applying for formula grants. Future formula grant RFA timelines are as follows.

The anticipated full 2025-2026 Grant cycle is as follows (new RFA will be issued for that Grant Cycle).

RFA Released: February 2025

2. INTRODUCTION

The State of Oregon, acting by and through its Higher Education Coordinating Commission, (“HECC”), is issuing this Request for Applications (“RFA”) for the OregonServes State Service Commission’s (“OSC”) 2024-2025 AmeriCorps Planning Grant Opportunity. The opportunity is to provide financial support to organizations that will develop an AmeriCorps program that will place AmeriCorps members in service solely within Oregon. OSC is an entity of the State of Oregon, housed within the Office of Workforce Investments, located within HECC.

The 2024-2025 AmeriCorps Planning Grant Opportunity will be funded at OSC’s discretion through AmeriCorps Formula Funds and/or American Rescue Plan funding dedicated to establishing new and expanding existing programs in OSC’s AmeriCorps Grant Program portfolio. If awarded, OSC would provide specialized training and technical assistance to Applicants in order to help them better prepare to apply for a full AmeriCorps program grant.

HECC is issuing this RFA pursuant to its authority under ORS 350.075 and ORS 660.515.

Disclosure: Publication of this RFA does not obligate HECC to award any specific number of grants or to obligate any particular amount of funding.

3. DEFINITIONS

For the purposes of this RFA, unless context requires otherwise, capitalized words have the following definitions. Capitalized terms not specifically defined in this document are defined in OAR 125-246-0110.

5. GRANT INFORMATION AND GUIDELINES

PLANNING GRANT INFORMATION

This RFA will result in the award of planning grants. Planning grants support the development of AmeriCorps programs so Applicants are better prepared to compete for an AmeriCorps program grant in following grant cycles. Planning grants may not be used to support AmeriCorps members.

Successful Applicants must provide 24% of the total project costs in match. Match may be cash or in-kind. Section 121(e)(5) of National and Community Service Act (“NCSA”) (42 USC 12571(e)) requires programs that use other federal funds as match for an AmeriCorps grant to report the amount and source of these funds to OSC on an AmeriCorps Financial Report. Applicants must track and be prepared to report on that match separately each year and at closeout.

Successful Applicants must retain all grant records, including adequate documentation of each transaction, for a period of 6 years, as required by applicable law, after the expiration date indicated in the agreement.

6. FUNDING PRIORITIES

AmeriCorps Focus Areas

The National and Community Service Act of 1990, as amended by the Serve America Act, emphasizes measuring the impact of service and focusing on a core set of issue areas. All planning grants must propose a program design that aligns with one of the following six AmeriCorps identified focus areas:

Disaster Services: Grants will provide support to increase and improve disaster services for individuals and communities to prepare and adapt to disasters, including but not limited to, climate change events. Grants will provide support to improve readiness to respond to disasters, support recovery efforts from disasters, and assist in the implementation of pre-disaster mitigation and adaptation measures. Grants will support communities and individuals in planning for disasters, in particular, engaging disadvantaged communities in the planning process.

OSC seeks to support the development of local and statewide AmeriCorps Disaster Corps programming. Disaster Corps programming includes activities that support preparedness, response, and recovery. OSC prioritizes planning grants for program models that prioritize member recruitment from communities that they would serve and would serve communities most disproportionately affected by disasters. Applicants seeking a planning grant to develop emergency response-focused activities are encouraged to consider one of the following models:

1. Stand-alone AmeriCorps Disaster Corps program that has either a local or statewide focus.
2. An AmeriCorps program that adds the AmeriCorps Disaster Response Team (“ADRT”) component to current programming.
3. Stand-alone AmeriCorps Disaster Corps program that also serves as an ADRT.

For models 1 and 3 above: The AmeriCorps Disaster Corps program may include the following components:

- Provide critical capacity and support to local communities to develop disaster preparedness plans and/or projects while coalition-building among local organizations and agencies;
- Provide disaster training and certification opportunities to AmeriCorps Members;
- Provide critical capacity and support to local communities to help educate community members on disaster mitigation and preparedness (i.e., community and climate resiliency activities);
- Conduct activities that build volunteer capacity and engagement (i.e., creating outreach and communication strategies, improving recruitment and retention, developing and providing training);
- At times of a declared disaster, conduct disaster response and/or recovery activities. Response and recovery activities typically include volunteer management, donations management, debris management, call center and data management, sheltering care, etc.

For models 2 and 3 above: AmeriCorps Disaster Response Team (ADRT).

An ADRT is an AmeriCorps program with a heightened focus and commitment to disaster response and recovery work. ADRTs engage in disaster response activities and trainings year-round. ADRTs are a nationally deployable resource when there is a FEMA Mission Assignment (MA), information found here: <https://www.fema.gov/partnerships/mission-assignments> and are recognized in the emergency management community. ADRTs work under the direction of the AmeriCorps Disaster Services Unit, information found here: <https://www.americorps.gov/about/what-we-do/disaster-services-unit>, when an MA work order has been issued and are reimbursed for approved expenses. More information can be found in the Disaster Services Framework found here: <https://americorps.gov/sites/default/files/document/Disaster%20Response%20Framework.pdf>.

Economic Opportunity: Grants will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people. Grants will help economically disadvantaged people to have improved access to services that enhance financial literacy, transition into or remain in safe, healthy, affordable housing, and/or have improved employability leading to increased success in becoming employed.

In 2023, Oregon Governor Tina Kotek declared an emergency. Executive Order 23-03 directs state agencies to prioritize reducing homelessness. OSC is accepting Applications that propose to conduct eligible activities that support the state goals to:

- End unsheltered homelessness for veterans, families with children, unaccompanied young adults, and people 65 years and older by 2025, and continue to strengthen pathways to permanent housing for all Oregonians experiencing homelessness.
- Build enough housing to meet the need for people currently experiencing homelessness, address the current shortage of housing, and keep pace with future housing demand by 2033.
- Advance racial equity by reducing the racial homeownership gap by 20 percent by 2027.
- Keep people housed who are currently on the brink of homelessness.

Grants will encourage intergovernmental and private sector partnerships in order to develop more effective and efficient responses to solving this crisis.

Education: Grants will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged children, improved school readiness for economically disadvantaged young children, improved educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools, and/or support economically disadvantaged students' preparation for success in post-secondary educational institutions.

Environmental Stewardship: Grants will support responsible stewardship of the environment, while preparing communities for challenging climate and environmental circumstances and helping Americans respond to and recover from disruptive events. Grants will include programs that conserve natural habitats; protect clean air and water; maintain public lands, support wildland fire mitigation and sustainable forest management, cultivate

individual and community resilience, and provide reforestation services after floods or fires, such as nature-based solutions.

OSC is committed to fostering the growth of local and statewide American Climate Corps programs. By becoming a partner in the American Climate Corps (ACC), applicants would engage in projects such as protecting public lands and waterways, weatherizing homes, enhancing community resilience, promoting environmental justice, improving access to fresh food, and building volunteer capacity.

Participating in the ACC offers a range of opportunities, including:

- **Protecting Public Lands and Waters:** Contribute to the conservation and restoration of vital ecosystems.
- **Home Weatherization:** Help improve energy efficiency in local homes, reducing energy costs and environmental impact.
- **Enhancing Community Resilience:** Strengthen community preparedness and response to climate-related challenges.
- **Promoting Environmental Justice:** Work towards equitable solutions that address environmental disparities.
- **Improving Access to Fresh Food:** Support initiatives that increase the availability of nutritious food in underserved areas.
- **Building Volunteer Capacity:** Recruit and engage volunteers to amplify the impact of climate action projects.

By applying for this program, organizations and individuals can make a tangible difference in their communities while contributing to broader climate goals.

Click [here](#) to learn more about the benefits to becoming an ACC partner.

Healthy Futures: Grants will provide support for activities that will address the opioid crisis, increase seniors' ability to remain in their own homes with the same or improved quality of life for as long as possible, and/or increase physical activity and improve nutrition with the purpose of reducing obesity.

Veterans and Military Families: Grants will improve the quality of life of veterans and improve military family well-being, increase the number of veterans, wounded warriors, military service members, and their caregivers, families, and survivors served by AmeriCorps programs, and/or increase the number of veterans and military family members engaged in service through AmeriCorps programs.

Current AmeriCorps program expansion

Current AmeriCorps programs can apply for planning grants that will help to expand their programming to a new focus area or priority focus area of OSC, new geographic region, or create new member development initiatives.

In addition to the above priorities, OSC is particularly interested in programs that aim to:

- Expand AmeriCorps opportunities in Oregon by providing access to AmeriCorps members for small organizations, and rural communities through intermediary programs.

- Serve historically underserved and/or underrepresented communities within Oregon and recruit AmeriCorps members from the communities in which they serve.
- Provide additional benefits to their members through the development of workforce or education pathways, for example: course for credit, certifications, apprenticeship co-enrollment.

Section I. Program Operating Costs

A. Personnel Expenses

Under “Position/Title Description” on the application form, list each staff position separately and provide salary and percentage of effort as percentage of Full-Time Employee devoted to this award. Each staff person’s role listed in the budget must be described in the application narrative and each staff person mentioned in the narrative must be listed in the budget as either AmeriCorps or Applicant share. Because the purpose of this grant is to enable and stimulate volunteer community service, do not include the value of direct community services performed by volunteers. However, you may include the value of volunteer services contributed to the organization for organizational functions such as accounting, audit work, or training of staff.

OSC **requires** that new programs include the cost for a staff person who will be the Primary Program contact for a future AmeriCorps State grant. This person may be a Program Manager, Program Director, etc. The expectation is that this person would spend at least 75% of their time on the Planning Grant and 100% of their time on a future AmeriCorps state grant.

B. Personnel Fringe Benefits

Under “Purpose/Description” on the application form, identify the types of fringe benefits to be covered and the costs of benefit(s) for each staff position. Allowable fringe benefits typically include Federal Insurance Contributions Act (FICA), Worker’s Compensation, Retirement, State Unemployment Tax (SUTA), Health and Life Insurance, and employer paid retirement plan contribution. You may provide a calculation for total benefits as a percentage of the salaries to which they apply or list each benefit as a separate item. If a fringe benefit amount is over 30%, please list covered items separately and justify the high cost. Holidays, leave, and other similar vacation benefits are not included in the fringe benefit rates but are absorbed into the personnel expenses (salary) budget line item.

C. Staff Travel

Describe the purpose for which program staff will travel. Provide a calculation that includes itemized costs for airfare, transportation, lodging, per diem, and other travel-related expenses, multiplied by the number of trips/staffs. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information. Reimbursement should not exceed the federal mileage rate unless a result of Applicant policy and justified in the budget narrative. Only domestic travel is allowable.

OSC strongly encourages Applicants to include costs for travel to the America’s Service Commissions (ASC) National Service Training. This event is typically held once per year and out-of-state. More information can be found at: <https://www.nationalservicetraining.org/>.

D. Supplies

Include the amount of funds to purchase consumable supplies and materials. You must individually list any single item costing \$1,000 or more.

E. Contractual and Consultant Services

Include costs for consultants related to the project's operations, except training or evaluation consultants, who will be listed in Section G., below. There is not a maximum daily rate. OSC strongly recommends that Applicants consider utilizing consultants during the planning process to assist with areas such as member recruitment and retention, host site management, policy development, developing or reviewing internal controls, data collection systems, etc.

OSC recommends that Applicants allocate at least \$6,000 of the planning grant funds to work with consultants. Here is a link to a list of quality consultants with experience in the national service field:

<https://statecommissions.notion.site/698c8b7de622420e8caf0b65e7c86f0b?v=373440c43a3c4d848b951b2ecbc3db9b>.

F. Staff Training

Include the costs associated with training staff on project requirements and training to enhance the skills staff need for effective project implementation, i.e., project or financial management, team building, etc. If using a consultant(s) for training, indicate the estimated daily rate. There is not a maximum daily rate.

G. Other Operating Costs

Allowable Other Operating Costs should include when applicable:

- Three-part National Service Criminal History Checks (NSCHCs) (including FBI fingerprint checks) for all employees or other individuals who receive a salary, or stipend or similar payment from the grant (federal or non-federal share). **Please include the cost for these checks for staff or explain how your program will be covering the cost.**

More information on National Service Criminal History Checks can be found on AmeriCorps' criminal history check page:

<https://americorps.gov/granteessponsors/history-check>.

- Office space rental for projects operating without an approved indirect cost rate agreement that covers office space. If space is budgeted and it is shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects.
- Utilities, telephone, internet, and similar expenses that are specifically used for AmeriCorps project staff and are not part of the organizations indirect cost allocation pool. If such expenses are budgeted and shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects.
- Gifts and/or food in an entertainment/event setting are not allowable costs as either AmeriCorps or Applicant share.

Section II: Administrative/Indirect Costs

Administrative costs are general or centralized expenses of the overall administration of an organization that receives AmeriCorps funds and do not include particular project costs. These costs may include administrative staff positions. For organizations that have an established indirect cost rate for federal awards, administrative costs mean those costs that are included in the organization's indirect cost rate agreement. Such costs are generally identified with the

organization's overall operation and are further described in Office of Management and Budget Omni Circulars.

For organizations that do not have an established state or federal indirect cost rate,

administrative costs include:

- Costs for financial, accounting, auditing, contracting or general legal services, except in unusual cases where they are specifically approved in writing by AmeriCorps as project costs.
- Costs for internal evaluation, including the organization's overall management improvement costs (except for independent evaluations and internal evaluations of a program or project).
- Costs for general liability insurance that protects the organization(s) responsible for operating a program or project, other than insurance costs solely attributable to the project.
- Costs of space, base utilities, and communication (telephone, fax, and Internet) that support administrative personnel.
- Administrative costs may also include that portion of salaries and benefits of the project's director and other administrative staff not attributable to the time spent in support of a specific project. The principles that pertain to the allocation and documentation of personnel costs are stated in the OMB circulars that are incorporated in AmeriCorps regulations (See 45 CFR 2541.220(b)).

Administrative costs do not include the following allowable expenses directly related to a project (including their operations and objectives), such as:

- Costs for staff (including salary, benefits, training, and travel) who recruit, train, place or supervise members or who develop materials used in such activities, if the purpose is for a specific project objective.
- Costs for independent evaluations and any internal evaluations to the extent that the evaluations cover only the funded program or project.
- Costs, excluding those already covered in an organization's indirect cost rate, attributable to staff that work in a direct program or project support, operational, or oversight capacity, including, but not limited to: support staff whose functions directly support program or project activities; and staff who review, disseminate and implement AmeriCorps guidance and policies directly relating to a project.
- Space, facility and communications costs for program or project operations and other costs that primarily support program or project operations, and are specifically allocable thereto, excluding those costs that are already covered by an organization's indirect costs rate.
- Other allowable costs, excluding those costs that are already covered by an organization's indirect cost rate, specifically approved by AmeriCorps as directly attributable to a program or project.

Options for Calculating Administrative/Indirect Costs

Applicants can choose to use one of three methods to calculate allowable administrative costs: (1) an AmeriCorps fixed percentage rate method or (2) a state or federally approved indirect cost rate method, or (3) a de minimis method. Regardless of the option chosen, the AmeriCorps share of administrative costs is limited to 5% of the total AmeriCorps funds **actually expended for project activities** under this grant. Do not create additional lines in this category.

10. REVIEW AND SELECTION PROCESS

- A. Criteria:** The assessment of applications involves a wide range of factors and considerations. OSC staff will apply their experience and expertise in evaluating applications. The review and selection process will produce a diversified set of high-quality programs that represent the priorities and selection factors described in this RFA.
- B. Eligibility Review:** OSC staff will review all submitted applications to determine compliance with eligibility, deadline, and completeness requirements. Applicants will be notified of initial intake eligibility within approximately two weeks of submission of an application.
- C. Review:** OSC staff will assess the entire application. Some Applicants may receive requests to provide clarifying information and/or make changes to their application including changes to the budget. Applications may be recommended for funding even if they are not asked clarification questions. A request for clarification does not guarantee a grant award. Failure to respond to requests for additional information in a timely manner may result in the removal of an application from consideration.
- D. Risk Assessment Evaluation:** OSC staff will evaluate the risks to the program posed by each Applicant, including conducting due diligence to ensure an Applicant's ability to manage federal funds. This evaluation is in addition to the evaluation of the Applicant's eligibility for funding or the quality of its application on the basis of the Selection Criteria. Results from this evaluation will inform funding decisions. If OSC determines that an award will be made, special conditions that correspond to the degree of risk assessed may be applied to the award. In evaluating risk, OSC may consider the following:
- Financial stability.
 - Quality of financial management systems and ability to meet the administrative standards prescribed in applicable Office of Management and Budget's ("OMB") guidance.
 - History of performance as reflected in the Applicant's record in managing previous OSC awards (if applicable), including:
 - Timeliness of compliance with applicable reporting requirements, and
 - If applicable, the extent to which any previously awarded amounts will be expended prior to future awards.
 - Information available through any OMB-designated repositories of government-wide eligibility qualifications or financial integrity information, such as System for Award Management (SAM.gov)

11. FEDERAL AWARD ADMINISTRATION INFORMATION

A. AmeriCorps Regulations

Grant Recipients will be required to comply with the requirements of applicable sections of the National and Community Service Act of 1990 and other applicable statutes. The full regulations are available online at www.ecfr.gov. In addition to being thoroughly familiar with the regulations, Applicants should read application guidelines carefully as well as the regulations published in the Federal Register on July 8, 2005 (45 C.F.R. §§ 2520-2550). As with all federally funded programs, it is the responsibility of each AmeriCorps recipient to ensure appropriate stewardship of federal funds entrusted to them.

It is important to make sure that all staff, sites, and partners are familiar with the federal rules and regulations. The 2023-2024 (FY2024) Terms and Conditions can be found here:

- General Terms and Conditions found here:
<https://americorps.gov/sites/default/files/document/FY2024-General-Terms-Conditions-508-20230919.pdf>
- Specific Terms and Conditions for AmeriCorps State found here:
<https://americorps.gov/sites/default/files/document/2023ASNProgram508TC.pdf>

B. Federal Award Notices

OSC will notify Applicants of funding decisions via email. Notification will be sent to the individual listed in the application narrative as the person with whom communication regarding this application may be shared. This notification is not an authorization to begin grant activities. The executed Grant Agreement is the authorizing document for beginning grant activities. Unsuccessful Applicants will also receive notification that their application was not approved for funding.

An awardee may not expend federal funds until the start of the Budget Period identified on the executed Grant Agreement.

C. Point of Contact

OSC requires that all recipients designate appropriate staff members to serve as the primary and secondary program and fiscal staff contacts. The primary contacts will have the primary responsibility to manage the AmeriCorps program from both a programmatic and fiscal perspective. These people will serve as the primary contacts between the organization and OSC throughout the duration of the AmeriCorps program.

D. National Service Criminal History Check Requirements

The National Service Criminal History Check (NSCHC) is a screening procedure established by law to protect the beneficiaries of national service. The law requires recipients to conduct and document NSCHCs on any person (including award-funded staff) receiving a salary through a cost reimbursement AmeriCorps award. An individual is ineligible to serve

in a position that receives such AmeriCorps funding if the individual is registered, or required to be registered, as a sex offender or has been convicted of murder. The cost of conducting NSCHCs is an allowable expense under the award.

E. Use of Materials

To ensure that materials generated with AmeriCorps funding are available to the public and readily accessible to subgrantees and non-subgrantees, OSC and AmeriCorps reserve a royalty-free, nonexclusive, and irrevocable right to obtain, use, modify, reproduce, publish, or disseminate publications and materials produced under the award, including data, and to authorize others to do so (2 CFR §200.315(b)).

F. Reporting

Recipients are required to submit a variety of reports which are due at specific times during the life cycle of an award. All reports must be accurate, complete, and submitted on time. Recipients are required to provide end of year progress reports and semi-annual financial reports. Failure to submit accurate, complete, and timely required reports may affect the recipient's ability to secure future AmeriCorps funding.

G. Records Retention

All financial records, supporting documentation, statistical records, evaluation and performance data, member information, and personnel records must be retained for six years after the close of the Oregon AmeriCorps grant from AmeriCorps under which your organization's application is funded.
