<b>In the Matter of Esther Alcegueire</b>	) <b>FINAL ORDER OF DENIAL OF REGISTERED NURSE LICENSE BY DEFAULT</b>
<b>Registered Nurse License Applicant</b>	) <b>Reference No. 2022120005</b>

---

The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating, and disciplining certain health care providers, including Registered Nurses and Registered Nurse license applicants, pursuant to ORS 678.010 to 678.448. Esther Alcegueire (Applicant) applied for a Registered Nurse license in the state of Oregon in September 2022.

This matter was considered by the Board at its meeting on October 16, 2024.

On July 24, 2024, a Notice of Proposed Denial of Registered Nurse License was sent to Applicant via certified and first-class mail to Applicant's address of record.

The Notice granted Applicant an opportunity for hearing if requested within sixty (60) days of the mailing of the Notice. No such request for hearing has been received by the Board. The Notice designated the Board's file on this matter as the record for purposes of default.

NOW THEREFORE, after consideration of its records and files related to this matter, the Board enters the following Order:

**I**

**FINDINGS OF FACT**

Based on the evidence submitted through the Notice and the agency file in this case, the Board finds the following:

1. In September 2022, Applicant submitted an endorsement application for Registered Nurse (RN) license.
2. The Board opened an investigation into concerns about the legitimacy and adequacy of Applicant's nursing education and school transcript. One of those concerns was whether Applicant completed a final clinical practicum as per Oregon's requirements.
3. On May 13, 2024, Board staff sent an email and mailed a letter to Applicant's addresses of record requesting they schedule an interview and submit a written statement with information about their clinical practicum. No response was forthcoming.
4. On May 31, 2024, Board staff mailed another letter to Applicant's address of record requesting they schedule an interview and submit a written statement with information about their clinical practicum. No response was forthcoming.

5. On June 11, 2024, Board staff called Applicant's telephone number of record and left a voicemail asking them to schedule an interview as requested. No response was forthcoming.
6. The Applicant failed to complete a final clinical practicum as per Oregon's requirements.
7. On July 17, 2024, the Board voted to issue a Notice of Proposed Denial of Registered Nurse License.
8. On July 24, 2024, Board staff mailed a Notice of Proposed Denial of Registered Nurse License to Applicant via first-class and certified mail. The Notice granted Applicant sixty (60) days from the date of the mailing of the Notice to request a hearing. The Notice also designated that the relevant portions of Board's files would be the record for purposes of default.

## II

### CONCLUSIONS OF LAW

1. That the Board has jurisdiction over Applicant, Esther Alcegueire, and over the subject matter of this proceeding.
2. By failing to schedule an interview with the Board, Applicant engaged in conduct derogatory to the standards of nursing under OAR 851-045-0070(10)(a) and is subject to denial pursuant to ORS 678.111(1)(f) and (g).
3. By failing to submit the requested written statement, Applicant engaged in conduct derogatory to the standards of nursing under OAR 851-045-0070(10)(a) and (c) and is subject to denial pursuant to ORS 678.111(1)(f) and (g).
4. Due to the lack of the final clinical practicum, Applicant's education does not include a clinical component that meets the definitions in OAR 851-006-0030(5) and 851-006-0140(15). Accordingly, Applicant's education does not meet the requirements of ORS 678.040(2)(b) and the application may be denied pursuant to ORS 678.111(1)(g).
5. That Applicant defaulted on the Notice by not requesting a hearing within the allotted sixty (60) days and, as a result, pursuant to ORS 183.417(3), the Board may enter a Final Order by Default.

	)	<b>WITH SPECIAL CONDITIONS</b>
<b>License No. 201230378LPN</b>	)	<b>Reference No. 2023090164</b>

---

The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including Licensed Practical Nurses under ORS 678.010 to 678.448. Elise Baldrige (Licensee) was issued an LPN license by the Oregon State Board of Nursing on August 2, 2012, continues to be licensed, and is subject to the full jurisdiction of the Board.

On or about September 13, 2023 the Board received a complaint alleging that Licensee had accessed two different patient's medical records without prior authorization or need to access the records. The Board opened an investigation. Licensee admits to accessing protected personal information records without authorization on two separate dates between October 11, 2021 and August 9, 2023.

By the above actions, Licensee is subject to discipline pursuant to ORS 678.111(1)(f) and OAR 851-045-0070 (8)(o) which reads as follows:

ORS 678.111 Causes for denial, revocation or suspension of license or probation, reprimand or censure of licensee. In the manner prescribed in ORS chapter 183 for a contested case:  
(1) Issuance of the license to practice nursing, whether by examination or by endorsement, of any person may be refused or the license may be revoked or suspended or the licensee may be placed on probation for a period specified by the Oregon State Board of Nursing and subject to such condition as the board may impose or may be issued a limited license or may be reprimanded or censured by the board, for any of the following causes:  
(f) Conduct derogatory to the standards of nursing.

**851-045-0070**

**Conduct Derogatory to the Standards of Nursing Defined**

Conduct that adversely affects the health, safety, and welfare of the public, fails to conform to legal nursing standards, or fails to conform to accepted standards of the nursing profession, is conduct derogatory to the standards of nursing. Such conduct includes, but is not limited to:

(8) Conduct related to other federal or state statute or rule violations:

(o) Violating a person's rights of privacy and confidentiality of information by accessing information without proper authorization or without a demonstrated need to know;

The foregoing is grounds for imposing a civil penalty pursuant to ORS 678.117 (1), (2)(a)(b), (3), (4), (5) and OAR 851-001-0009(3)(a) which provide as follows:

ORS 678.117 Procedure for imposing civil penalty; amount; rules.

(1) The Oregon State Board of Nursing shall adopt by rule a schedule establishing the amount

of civil penalty that may be imposed for any violation of ORS 678.010 to 678.445 or any rule of the board. No civil penalty shall exceed \$5,000.

(2) In imposing a penalty pursuant to this section, the board shall consider the following factors:

(a) The past history of the person incurring the penalty in observing the provisions of ORS 678.010 to 678.448 and the rules adopted pursuant thereto.

(b) The economic and financial conditions of the person incurring the penalty.

(3) Any penalty imposed under this section may be remitted or mitigated upon such terms and conditions as the board considers proper and consistent with the public health and safety.

(4) Civil penalties under this section shall be imposed as provided in ORS 183.745.

(5) All penalties recovered under this section shall be credited to the special account described in ORS 678.170.

851-001-0009 Imposition of Civil Penalties: Imposition of a civil penalty does not preclude disciplinary sanction against the license or certificate holder and disciplinary sanction against the license or certificate does not preclude imposing a civil penalty. Criminal conviction does not preclude imposition of a civil penalty for the same offense.

(3) A civil penalty of a minimum \$500 to a maximum of \$5000 per violation is assessed for any of the following: (a) Conduct derogatory to the standards of nursing or conduct unbecoming a Nursing Assistant

Licensee wishes to cooperate with the Board in this matter. Therefore, the following will be proposed to the Oregon State Board of Nursing and is agreed to by Licensee:

**That the Licensed Practical Nurse License of Elise Baldrige be Reprimand, and the Board impose a civil penalty against the Licensed Practical Nurse License of Elise Baldrige in the amount of \$100.00 (\$50 for each of the two violations, equaling \$100). The licensee agrees to complete PBI Maintaining Ethics, boundaries and professionalism in nursing (NE-3) and provide the board with a completion certificate within 60 days of the date that the Board signs the Stipulated Order.**

Licensee admits that the above statements are accurate, and that Licensee's actions constitute two discrete violations of the Nurse Practice Act.

Licensee understands that this Order will be submitted to the Board of Nursing for its approval and is subject to the Board's confirmation.

Licensee understands that by signing this Stipulated Order for Civil Penalty, Licensee waives the right to an administrative hearing under ORS 183.310 to 183.540, and to any judicial review or appeal thereof. Licensee acknowledges that no promises, representations, duress or coercion have been used to induce the Licensee to sign this Order.

Licensee understands that this Order is a document of public record.

Licensee agrees that this Civil Penalty shall become due and payable on the first day of the month following the date this Stipulated Order is signed by the Board President.

Payment shall be made payable to the Oregon State Board of Nursing at 17938 SW Upper Boones Ferry Road, Portland, OR 97224 by check or money order; alternatively, payment may be made online by logging into your Oregon State Board of Nursing Licensing Portal and

clicking on Pay Civil Penalty Fees.

Licensee understands that if payment is 90 days overdue from the date due as stated in this Stipulation, collection of the Civil Penalty will be assigned to the Oregon Department of Revenue.

Licensee understands that federal law requires state licensing boards to report adverse actions (resulting from formal proceeding) to the National Practitioner Data Bank (NPDB) within 30 days from the date the action was taken.

Failure to complete any of the terms of this Stipulated Order may be grounds for further disciplinary action by the Board as allowed by law, and the Board has the right to and may take action against Licensee to enforce this Stipulated Order.

Licensee has read this Stipulated Order, understands this Order completely, and freely signs this Stipulated Order for Civil Penalty.

The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including Licensed Practical Nurses, pursuant to ORS 678.010 to 678.448. Kevin Campbell (Licensee) was issued a Practical Nurse license by the Board on October 24, 2007, which expired on June 13, 2024.

On April 16, 2021, Licensee continued to digitally remove stool from a client's rectum even after the client told them to stop. As a result, in December 2021, the Oregon Department of Human Services (ODHS) notified Licensee that ODHS had substantiated an abuse case against them. On June 9, 2022, Licensee submitted a Practical Nurse license renewal application to the Board on which they made untrue statements in response to questions about their work history and whether an abuse case had been substantiated against them.

By the above actions, Licensee is subject to discipline pursuant to former ORS 678.111(1)(f)(g) (effective June 13, 2019 to March 23, 2022) and former OAR 851-045-0070(8)(d), (10)(b) (effective August 1, 2017 to July 1, 2024) which provide as follows:

  - (f) Conduct derogatory to the standards of nursing.
  - (g) Violation of any provision of ORS 678.010 to 678.448 or rules adopted thereunder.

**OAR 851-045-0070 Conduct Derogatory to the Standards of Nursing Defined**

Conduct that adversely affects the health, safety, and welfare of the public, fails to conform to legal nursing standards, or fails to conform to accepted standards of the nursing profession, is conduct derogatory to the standards of nursing. Such conduct includes, but is not limited to:

- (8) Conduct related to other federal or state statute or rule violations:
  - (d) Abusing a client;
- (10) Conduct related to the licensee's relationship with the Board:
  - (b) Failing to answer truthfully and completely any question asked by the Board on an application for licensure or during the course of an investigation or any other question asked by the Board;

Licensee wishes to cooperate with the Board in this matter and voluntarily surrender their Practical Nurse license. Therefore, the following will be proposed to the Board and is agreed to by Licensee:

**That the voluntary surrender of the Practical Nurse license of Kevin Campbell be accepted. If, after a minimum of three (3) years, they wish to reinstate their License, they may submit an application for reinstatement to the Board.**

Licensee agrees that they will not practice as a Licensed Practical Nurse from the date the Order is signed.

Licensee understands that this Order will be submitted to the Board for its approval and is subject to the Board's confirmation.

Licensee understands that by signing this Stipulated Order they waive the right to an administrative hearing under ORS 183.310 to 183.540, and to any judicial review or appeal thereof. Licensee acknowledges that no promises, representations, duress or coercion have been used to induce the signing of this Order.

Licensee understands that this Order is a document of public record.

(e) Abusing a client.

Licensee wishes to cooperate with the Board in this matter. Therefore, the following will be proposed to the Oregon State Board of Nursing and is agreed to by Licensee:

- **CEUfast – Restraint Use: Evidence-Based Practice**

**Should Licensee fail to complete these courses within the required time of 6 months, Licensee shall be referred back to the Board for consideration of further disciplinary action. Board staff may substitute a course comparable in cost and content if the assigned course becomes unavailable.**

<b>In the Matter of Jennifer Laforest</b>	) <b>FINAL ORDER OF DENIAL OF REGISTERED NURSE LICENSE BY DEFAULT</b>
<b>Registered Nurse License Applicant</b>	) <b>Reference No. 2023080257</b>

---

The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating, and disciplining certain health care providers, including Registered Nurses and Registered Nurse license applicants, pursuant to ORS 678.010 to 678.448. Jennifer Laforest (Applicant) applied for a Registered Nurse license in the state of Oregon in June 2023.

This matter was considered by the Board at its meeting on October 16, 2024.

On July 24, 2024, a Notice of Proposed Denial of Registered Nurse License was sent to Applicant via certified and first-class mail to Applicant's address of record.

The Notice granted Applicant an opportunity for hearing if requested within sixty (60) days of the mailing of the Notice. No such request for hearing has been received by the Board. The Notice designated the Board's file on this matter as the record for purposes of default.

NOW THEREFORE, after consideration of its records and files related to this matter, the Board enters the following Order:

**I**

**FINDINGS OF FACT**

Based on the evidence submitted through the Notice and the agency file in this case, the Board finds the following:

1. In June 2023, Applicant submitted an endorsement application for Registered Nurse (RN) license.
2. The Board opened an investigation into concerns about the legitimacy and adequacy of Applicant's nursing education and school transcript. One of those concerns was whether Applicant completed a final clinical practicum as per Oregon's requirements.
3. On May 13, 2024, Board staff sent an email and mailed a letter to Applicant's addresses of record requesting they schedule an interview and submit a written statement with information about their clinical practicum. No response was forthcoming.
4. On May 31, 2024, Board staff mailed a second letter to Applicant's address of record requesting they schedule an interview and submit a written statement with information about their clinical practicum. No response was forthcoming.

5. On June 11, 2024, Board staff called Applicant's telephone number of record and left a voicemail asking them to schedule an interview as requested. No response was forthcoming.
6. The Applicant failed to complete a final clinical practicum as per Oregon's requirements.
7. On July 17, 2024, the Board voted to issue a Notice of Proposed Denial of Registered Nurse License.
8. On July 24, 2024, Board staff mailed a Notice of Proposed Denial of Registered Nurse License to Applicant via first-class and certified mail. The Notice granted Applicant sixty (60) days from the date of the mailing of the Notice to request a hearing. The Notice also designated that the relevant portions of Board's files would be the record for purposes of default.

## II

### CONCLUSIONS OF LAW

1. That the Board has jurisdiction over Applicant, Jennifer Laforest, and over the subject matter of this proceeding.
2. By failing to schedule an interview with the Board, Applicant engaged in conduct derogatory to the standards of nursing under OAR 851-045-0070(10)(a) and is subject to denial pursuant to ORS 678.111(1)(f) and (g).
3. By failing to submit the requested written statement, Applicant engaged in conduct derogatory to the standards of nursing under OAR 851-045-0070(10)(a) and (c) and is subject to denial pursuant to ORS 678.111(1)(f) and (g).
4. Due to the lack of the final clinical practicum, Applicant's education does not include a clinical component that meets the definitions in OAR 851-006-0030(5) and 851-006-0140(15). Accordingly, Applicant's education does not meet the requirements of ORS 678.040(2)(b) and the application may be denied pursuant to ORS 678.111(1)(g).
5. That Applicant defaulted on the Notice by not requesting a hearing within the allotted sixty (60) days and, as a result, pursuant to ORS 183.417(3), the Board may enter a Final Order by Default.

---

The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating, and disciplining certain health care providers, including Licensed Practical Nurses. Genevieve Randall (Licensee) was issued an LPN license by the Oregon State Board of Nursing on April 3, 2018.

On or about March 27, 2024, the Board received information that Licensee took narcotic medications from the drug dispensing system at her place of employment for her personal use.

An audit of Licensee's documentation revealed Licensee withdrew 40 pills in February and March 2024 which were not documented as administered and could not otherwise be accounted for. No harm to patients was reported.

Licensee acknowledged that she took pain medication from the facility to address an unresolved medical condition. Licensee has since obtained medical care and is compliant with recommended treatment.

By the above actions, Licensee is subject to discipline pursuant to ORS 678.111(1)(f) and OAR 851-045-0070(4)(c)(E) and (8)(k)(l) which read as follows:

**ORS 678.111 Causes for denial, revocation or suspension of license or probation, reprimand or censure of licensee. In the manner prescribed in ORS chapter 183 for a contested case:**

(1) Issuance of the license to practice nursing, whether by examination or by indorsement, of any person may be refused or the license may be revoked or suspended or the licensee may be placed on probation for a period specified by the Oregon State Board of Nursing and subject to such condition as the board may impose or may be issued a limited license or may be reprimanded or censured by the board, for any of the following causes:

(f) Conduct derogatory to the standards of nursing.

**OAR 851-045-0070 Conduct Derogatory to the Standards of Nursing Defined (*Cert. Eff.* 01/01/2023)**

Conduct that adversely affects the health, safety, and welfare of the public, fails to conform to legal nursing standards, or fails to conform to accepted standards of the nursing profession, is conduct derogatory to the standards of nursing. Such conduct includes, but is not limited to:

**(4) Conduct related to communication:**

(c) Entering inaccurate, incomplete, falsified or altered documentation into a health record or agency records. This includes but is not limited to:

(E) Falsifying data;

**(8) Conduct related to other federal or state statute or rule violations:**

(k) Possessing, obtaining, attempting to obtain, furnishing, or administering prescription or controlled medications to any person, including self, except as directed by a person authorized by law to prescribe medications;

(l) Unauthorized removal or attempted removal of medications, supplies, property, or money from anyone in the work place[.]

Licensee admits that the above allegations occurred and constitute violations of the Nurse Practice Act. Licensee wishes to cooperate with the Board in resolving the present disciplinary matter. The following will be proposed to the Oregon State Board of Nursing and is agreed to by Licensee:

That the Practical Nurse license of Genevieve Randall be placed on Probation. The Licensee's compliance with this agreement will be monitored by the Oregon State Board of Nursing from date of signature on the Stipulated Order. Licensee must complete a twenty-four (24) month period of probation to begin upon Licensee's return to supervised nursing practice at the level of a Registered Nurse. Licensee must practice a minimum of sixteen (16) hours per week on average, and no more than one (1.0) FTE in a setting where Licensee is able to exercise the full extent of scope of duties in order to demonstrate whether or not Licensee is competent. Limited overtime may be approved on occasion.

Licensee must comply with the following terms and conditions of probation:

- 1) Licensee shall not violate the Nurse Practice Act (ORS 678) or the rules adopted thereunder.
- 2) Licensee shall have thirty-six (36) months from Board's acceptance of this Order to complete twenty-four (24) months of monitored practice.
- 3) Licensee shall notify Board staff, in writing, prior to any change of contact information which includes address, email address, and phone number.
- 4) Licensee shall maintain an active license.
- 5) Licensee shall inform Board staff in advance of any move from Oregon. If Licensee leaves the state and is unable to practice in the state of Oregon, Licensee's probationary status will be re-evaluated. If monitoring is approved and transferred to another Board of Nursing, Licensee shall successfully complete all requirements of the Board Order of the other jurisdiction. Licensee shall be required to ensure the Oregon State Board of Nursing receives quarterly reports documenting the Licensee's compliance. Failure to comply with this reporting requirement shall be considered a violation of this Order. While licensee practices in another state, those hours will only be counted toward licensee's Oregon probation if the position meets the monitoring requirements per line ten (10) of this stipulated order.
- 6) Licensee shall maintain monthly contact by phone, electronic or virtual methods to designated Board staff for interviews during the probationary period. Frequency or type of contact may be reviewed and revised periodically at the discretion of Board staff. This includes being required to attend an in-person meeting.

7) Licensee shall notify Board staff of any citations, arrests, or convictions for any offense, whether felony, misdemeanor, violation, or citation within ten (10) days of the occurrence.

8) Licensee will not look for, accept, or begin a new nursing position without prior approval of Board staff. This includes changes of the employer itself or changes within the facility or institution.

9) Licensee shall inform current and prospective employers of the probationary status of Licensee's license, the reasons for Licensee's probation, and terms and conditions of probation. If there is a Nurse Executive, that person is to be informed of Licensee's probationary status. The Nurse Executive will receive a copy of the Stipulated Order for Probation when Licensee is employed.

10) Licensee shall work under the direct observation of another licensed healthcare professional, who is aware that the individual is on probation, who is working in the same physical location (e.g. clinic, unit, building, etc.), is readily available to observe Licensee's practice and provide assistance, and who has taken the required Board approved Monitor/Supervisor training. Licensee shall be employed in a setting where Licensee's nursing supervisor agrees to submit written evaluations of work performance (on forms provided by the Board) every three (3) months during the probationary period. The quarterly evaluation is expected to be received by Board staff within ten (10) days of the due date. If the evaluation is not timely received, Board staff will contact the employer with a reminder. If Board staff is not in receipt of the report within five (5) business days from the reminder date, Licensee may be restricted from practicing as a nurse.

11) Between quarterly reporting periods, the Nurse Executive or a person designated by Licensee's employer, shall inform Board staff of any instance of Licensee's non-compliance with the terms and conditions of this Stipulated Order or of any other concern there may be regarding Licensee's work-related conduct or personal behavior that may affect Licensee's ability to perform the duties of a nurse.

12) Licensee shall notify Board staff when there is a change in status of employment, including resignations, disciplinary actions, and terminations. Licensee shall immediately notify Board staff if they will be unable to meet the minimum monitored practice requirement of 16 hours per week or 64 hours per month due to leave from work. The inability to meet the monitored practice requirement due to leave may extend the probationary period.

13) Licensee: shall not have access to narcotics or controlled substances, carry the keys to narcotics storage, or administer narcotics at any time or under any circumstances or until Licensee receives written approval from Board staff.

14) Licensee shall not work in any practice setting when on-site monitoring is not available. This generally includes home health agencies, traveling agencies, float pools, temporary agencies, assisted living facilities, adult foster care, independent consulting contracts, home hospice, and night shifts outside of acute care settings.

15) Licensee shall not be a nursing faculty member or an advance practice preceptor.

16) Licensee shall not be approved for enrollment in clinical practicum hours for the purposes of obtaining an additional degree or license.

17) Licensee shall participate in and comply with any treatment recommendations set forth by a third party evaluator approved by the Board. Licensee shall ensure that Board staff receive monthly status reports from the treatment provider. Within fourteen (14) days of completing treatment, Licensee shall submit to Board staff a copy of Licensee's completion certificate or discharge summary. Licensee shall attend Narcotics Anonymous (NA), Alcoholics Anonymous (AA) or similar recovery program on a weekly basis and provide proof of attendance to Board staff. Licensee shall sign any release of information necessary to allow Board staff to communicate with Licensee's treatment provider and release Licensee's treatment records to the Board.

18) Licensee shall participate in the Board's random drug testing program. Failure to comply with random urine, blood, hair, nail, or any other requested drug test shall result in Licensee's immediate removal from nursing practice. Licensee shall submit to observed tests to determine the presence of unauthorized substances immediately upon request by Board staff or Licensee's employer. Licensee shall sign any release of information necessary to ensure the Board will receive the results of such testing. The presence of unauthorized substances may be considered a violation of the terms and conditions of this Stipulated Order. Upon request of Board staff, Licensee shall obtain a substance use disorder evaluation by a Board approved third party evaluator. Licensee understands that Licensee is financially responsible for any and all costs related to testing and evaluating. Licensee's failure to maintain an account in good standing with the Board's laboratory vendor shall be considered a violation of this Stipulated Order.

19) Licensee shall abstain from using alcohol and/or other intoxicating, mind altering, or potentially addictive drugs, including over-the-counter or prescription drugs while participating in the Board's random urine drug testing program, except as provided in Section 20 below. Licensee shall avoid any over-the-counter products and food items containing alcohol, THC including CBD products, and poppy seeds.

20) Licensee may take medication for a documented medical condition, provided that Licensee obtains such medication only by a legal prescription written by a person authorized by law to write such a prescription. Licensee will notify Board staff within 72 hours in the event Licensee is prescribed such medication, and shall sign a release of information authorizing the prescribing person to communicate with Board staff about Licensee's medical condition. Licensee shall produce the medical records pertaining to the medical condition and medication use. Licensee will discard any unused prescription medications when it is no longer needed or expired.

21) Licensee shall cease practicing as a nurse upon the occurrence of a relapse, or at the request of Board staff because of a relapse or relapse behavior. Practice may resume only when approved in writing by Board staff, in consultation with Licensee's employer.

22) Licensee shall notify any and all healthcare providers of the nature of Licensee's diagnoses to ensure that Licensee's health history is complete before receiving any treatment, including medical and dental. Licensee shall provide Board staff with the names and contact information

of any and all health care providers. Licensee shall sign any release of information necessary to allow Board staff to communicate with Licensee's healthcare providers and release Licensee's medical and treatment records to the Board. Licensee is financially responsible for any costs incurred for compliance with the terms and conditions of this Stipulated Order.

23) Licensee shall notify Board staff at least three (3) business days prior to leaving town or going on vacation, with the exception of a family emergency.

24) Licensee shall cooperate fully with Board staff in the supervision and investigation of Licensee's compliance with the terms and conditions of this Stipulated Order.

Licensee understands that the conduct resulting in the violations of law described in this Stipulated Order are considered by the Board to be of a grave nature and, if continued, constitutes a serious danger to public health and safety.

Licensee understands that in the event Licensee engages in future conduct resulting in violations the terms of this Stipulated Order and/or the Nurse Practice Act, the Board may take further disciplinary action against Licensee's license, up to and including revocation of Licensee's license to practice as a Registered Nurse.

Licensee understands that this Stipulated Order will be submitted to the Board of Nursing for its approval and is subject to the Board's confirmation.

Licensee understands that by signing this Stipulated Order, Licensee waives the right to an administrative hearing under ORS 183.310 to 183.540, and to any judicial review or appeal thereof. The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including Certified Nursing Assistants pursuant to ORS 678.010 through ORS 678.448. Jennie Roberts (Certificate Holder) was issued a Certified Nursing Assistant Certificate by the Board on March 27, 2018.

This matter was considered by the Board at its meetings on July 17, 2024 and October 16, 2024.

On August 13, 2024, a Notice of Proposed Revocation of Certified Nursing Assistant Certificate was sent to Certificate Holder via certified mail to the address of record.

The Notice granted Jennie Roberts an opportunity for hearing if requested within twenty (20) days of the mailing of the Notice. No such request for hearing has been received by the Board. The Notice designated the Board’s file on this matter as the record for purposes of default.

NOW THEREFORE, after consideration of its records and files related to this matter, the Board enters the following Order:

**-I-**

**FINDINGS OF FACT**

Based on the evidence in the Board’s file in this case, the Board finds the following:

1. Jennie Roberts (Certificate Holder) was issued a Certified Nursing Assistant (CNA) Certificate in the state of Oregon on March 27, 2018.
2. On or about April 13, 2022, the Board entered a Stipulated Order suspending the Certificate Holder’s Certified Nursing Assistant Certificate for 30 days followed by twenty-four (24) months of probation. Under this Stipulated Order, Certificate Holder was required to maintain an active certificate while on probation.
3. Certificate Holder’s CNA Certificate expired on January 6, 2024. Certificate Holder has not applied to renew their CNA Certificate and does not currently hold an active CNA Certificate.

4. On July 17, 2024, the Board voted to issue a Notice of Proposed Revocation of the Certified Nursing Assistant Certificate. On August 13, 2024, staff mailed the Notice of Proposed Revocation to Certificate Holder via certified mail. Per USPS confirmation, Certificate Holder signed and received the mailed Notice of Proposed Revocation on August 16, 2024. The Notice granted Certificate Holder twenty (20) days from the date of the mailing of the Notice to request a hearing. The Notice also designated that the agency file would be the record for purposes of default. The Board has not received a hearing request in this matter.

- II -

### CONCLUSIONS OF LAW

1. That the Board has jurisdiction over the Certificate Holder, Jennie Roberts, and over the subject matter of this proceeding. Pursuant to ORS 678.158 and ORS 676.205(2), the expiration of Certificate Holder's Certificate does not deprive the Board of jurisdiction to enter a final order in this matter.
2. By failing to renew their Certificate, Certificate Holder violated the terms and conditions of the April 13, 2022, Stipulated Order requiring them to maintain an active CNA certificate. By violating the terms and conditions of a Board order, Certificate Holder engaged in conduct unbecoming a nursing assistant per OAR 851-063-0090(10)(d). Accordingly, Certificate Holder's Nursing Assistant Certificate is subject to discipline, including revocation, pursuant to ORS 678.442(2)(d) and (f).
3. Jennie Roberts defaulted on the Notice by not requesting a hearing within the allotted twenty (20) days and, as a result, pursuant to ORS 183.417(3), the Board may enter a Final Order by Default.

---

The Oregon State Board of Nursing (Board) is the state agency responsible for licensing, regulating, and disciplining certain health care providers, including Certified Nursing Assistants pursuant to ORS 678.010 through ORS 678.448. Katrina Sanford (Applicant) applied for a Nursing Assistant Certificate in the state of Oregon on or about September 11, 2022.

The Board considered this matter at its meetings on July 17, 2024, and October 16, 2024.

On July 24, 2024, a Notice of Proposed Denial of Nursing Assistant Certificate was sent to Applicant via certified and first-class mail to the address listed on the application.

The Notice granted Applicant an opportunity for hearing if requested within sixty (60) days of the mailing of the Notice. No such request for hearing has been received by the Board. The Notice designated the Board's file on this matter as the record for purposes of default.

NOW THEREFORE, after consideration of its records and files related to this matter, the Board enters the following Order:

**-I-  
FINDINGS OF FACT**

Based on the evidence in the relevant portions of the Board's files in this case, the Board finds the following:

1. On or about September 11, 2022, Applicant submitted an online application for certification as a Nursing Assistant. Applicant answered "no" in response to the question on the application that asks "[h]ave you ever pled guilty to, been convicted of, pled No Contest, or entered into an Alford plea for a felony or misdemeanor?"
2. In 2018, Applicant was convicted of Aggravated Assault and Simple Criminal Damage to Property Greater than \$500 but Less than \$50,000 in the state of Louisiana.
3. On July 17, 2024, the Board voted to issue a Notice Proposed Denial of Nursing Assistant Certificate.
4. On July 23, 2024, Board staff mailed a Notice of Proposed Denial of Nursing Assistant Certificate to Applicant via first-class and certified mail. The Notice granted Applicant sixty (60) days from the date of the mailing of the Notice to request a hearing. The Notice also

designated that the Board's file would be the record for purposes of default.

**-II-  
CONCLUSIONS OF LAW**

1. That the Board has jurisdiction over Applicant, Katrina Sanford, and over the subject matter of this proceeding.
2. On the September 11, 2022, application for Nursing Assistant Certificate, Applicant stated that they had no criminal convictions. This statement is inaccurate, as Applicant has two convictions from 2018. Accordingly, the Board can deny Applicant's application for Nursing Assistant Certificate pursuant to ORS 678.442(2)(b).
3. That Applicant defaulted on the Notice by not requesting a hearing within the allotted sixty (60) days and, as a result, pursuant to ORS 183.417(3), the Board may enter a Final Order by Default.

**-III-  
ORDER**

Based on the foregoing Findings of Fact and Conclusions of Law, and the Board being fully advised in the premises, it is hereby:

ORDERED that the Application for a Nursing Assistant Certificate is denied.

Dated this 16<sup>th</sup> day of October 2024

FOR THE OREGON STATE BOARD OF NURSING

Aaron Green  
Board President
