*The Marine Board is funded by registration, title fees and marine fuel taxes paid by motorized boaters. **No lottery, general fund tax dollars or local facility parking fees** are used to support the agency or its programs. Boater-paid fees go back to boaters in the form of boating safety services (on-the-water enforcement, training, and equipment), education/outreach materials, and boating access facility grants (boat ramps, docks, parking, restrooms, and construction and maintenance). The Aquatic Invasive Species Prevention Permit program is dedicated funding to pay for border inspection stations, decontamination equipment, inspectors, and signage/outreach materials. The Mandatory Education Program is self-supporting and revenue helps pay for education materials and boater education cards.
