AUTHORITY

In 2009, the Legislature unanimously passed HB 2500 to create the Oregon transparency website and establish the Transparency Oregon Advisory Commission.

The Oregon transparency website provides annual updates to datasets for agency budget, revenue, expenditure, contracts and procurement, state workforce compensation information, performance audits, and benchmarks, as well as local government data such as Educational Service District (ESD) contracts, expenditures and revenues, and county lottery funds.

This report fulfills the requirement of the Transparency Oregon Advisory Commission to provide the Legislative Assembly with an update on the status of the website by February 15th of each odd-numbered year. This requirement is codified in ORS 276A.259. The Oregon Revised Statutes relating to the Transparency Oregon Advisory Commission and Oregon transparency website is in Appendix A of this report.

The 2023 report covers enhancements made to the Oregon transparency website during the 2021-23 biennium and identifies possible future enhancements to the website for the next biennium. This is the seventh report made by the Commission.

COMMISSION MEMBERSHIP

The Commission consists of nine members appointed by the Governor, the President of the Senate, the Speaker of the House, the State Chief Information Officer, and the Legislative Fiscal Officer. Membership composition requires a mix of legislators, public members, and state agency representatives. Four of the members are required to be legislators, one each from the majority and minority parties in the Senate and the House, appointed by the President and Speaker, respectively. Two members are required to be from the public with experience in public finance, public relations, measurement of performance outcomes or technology, one each appointed by the President and the Speaker. The Governor is required to appoint one member from an executive branch agency, and the State Chief Information Officer and Legislative Fiscal Officer are required to each appoint one member.

The term of office of each member is four years, and a member serves at the pleasure of the appointing authority. Before the term of any member expires, the appointing authority is required to appoint a successor whose term begins on the next January 1st. Members can be reappointed. If there is a vacancy, the appointing authority is required to make an appointment that is immediately effective for the remainder of the unexpired term.

A current list of the Commission membership is in Appendix B of this report.

BACKGROUND AND HISTORY

The Transparency Oregon Advisory Commission first met on December 17, 2009. As of this report, the Commission has held sixteen meetings: three during the 2009-11 biennium, one during the 2011-13 biennium, two during the 2013-15 biennium, three during the 2015-17 biennium, two during the 2017-19 biennium, two during the 2019-21 biennium, and three during the 2021-23 biennium.

As part of HB 2500, the Department of Administrative Services (DAS) was directed to develop an Oregon transparency website that would provide state budget, revenue, and other financial data and information to the public. State agencies were directed in the measure to provide the information required by DAS only when no additional cost would be incurred and with no reallocation of resources. This basically meant that only existing reports and information contained within existing databases would be used in the creation and update of the website. The measure also specified certain data elements and reports to be included on the website.

In July 2009, DAS initiated work on the website by holding meetings with state agency stakeholders; creating a collaborative workspace for HB 2500 implementation on Oregon GovSpace; holding one-on-one meetings with each primary stakeholder; conducting awareness presentations for agency heads, administrative business services directors, public information officers, and others; and distributing newsletter articles and Exec Net messages. The initial transparency website mockup was prepared in September 2009.

The Commission reviewed this initial website mockup in December 2009 and made several suggestions for changes and improvements to the content on the website. During the period between January and March 2010, DAS released the website and made additional modifications. DAS also established reporting standards with respect to format, content, and timelines, and made agreements with agencies for report submission. DAS then continued to work on identifying and implementing improved data entry and classification methods for expenditure information and developed procedures for the annual update of information.

During the 2011 legislative session, four bills were passed that included new requirements for the transparency website:

- HB 2825 added Tax Expenditure reports from the Department of Revenue, Business Oregon, Department of Energy, and the Office of Film and Television.
- HB 2788 required each state agency to post notices of public meetings on the website beginning January 1, 2012.
- HB 3188 required that each county submit a report on lottery funds expenditures, including the amount of moneys received and expended, purpose and use of the moneys, and amounts spent on administration of these funds.
- SB 250 added Education Service Districts to the list of reporting entities to the website.

During the 2012 legislative session, HB 4079 required the transparency website to include reporting requirements on applications for energy tax credits and grants related to biomass, energy conservation projects, transportation, manufacturing, and renewable energy contributions.

During the 2013 legislative session, four bills were passed that included new requirements for the transparency website:

- HB 2370 added links to state agency websites that have public meeting minutes or summaries; links to the Secretary of State website for agency administrative rules; and links to local government websites providing information on revenues, expenditures, and budgets.
- HB 2763 required Business Oregon to post a report on costs and fees for administering the tax credit.

- HB 3035 directed DAS to develop a plan for posting specific information to the website on public contracts from state agencies, school districts and community colleges, and other entities, and report to the Legislature by February 15, 2015.
- HB 3400 directed state agencies to include a description of the percentage of expenditures made inside and outside of Oregon for contract goods or services.

During the 2015 legislative session, three bills were passed that included new requirements for the transparency website:

- SB 515 created a method for user feedback; required information posted regarding public records requests; allowed for notices of local government public meetings; and added an economic development section to the website for information submitted by state agencies responsible for specific economic development programs.
- HB 3099 transferred the duties, functions, and powers related to the transparency website from the Department of Administrative Services to the State Chief Information Officer.
- HB 3125 added information on tax exemptions for qualified machinery and equipment to process grains, bakery, and dairy products from the Department of Agriculture.

During the 2016 legislative session, SB 1565 required that the Department of Revenue submit a report for the transparency website on any exemptions to property taxes granted by a city or county for eligible construction in a rural area.

During the 2017 legislative session, HB 2946 required the transparency website to include links to websites established by semi-independent state agencies and quasi-public entities, public universities, public university statewide programs operated by public universities, Oregon Health and Science University, Oregon Tourism Commission, Oregon Film and Video Office, Travel Information Council, Children’s Trust Fund of Oregon Foundation, Oregon Corrections Enterprises, SAIF Corporation, Oregon Utility Notification Center, and any public corporation created under statute specifically designated as a public corporation, for the purpose of providing transparency related to revenues, expenditures, and budgets.

During the 2020 second special session, HB 4304 amended ORS 276A.253 (see Appendix A) to include language stating that the State Chief Information Officer or the Department of Administrative Services may incur costs or request additional resources to develop, maintain, or enhance the Oregon transparency website.

For each annual transparency website update, the Office of Enterprise Information Services (previously known as the Office of the State Chief Information Officer) works with executive branch agencies, legislative branch agencies, Judicial Department, Oregon State Lottery, Office of the State Treasurer, education service districts, quasi-public entities, Higher Education Coordinating Commission (which includes community colleges, public universities, and statewide programs operated by public universities), and all 36 Oregon counties. Reports and datasets provided on the website are viewable through Excel spreadsheets, plain text, links to existing information system applications, or through the data.oregon.gov open data portal which is an open data repository providing users the ability to access, search, visualize, analyze, and download additional public information.

WEBSITE REQUIRED CONTENT

The Department of Administrative Services was directed to design the Oregon transparency website so that any person could view information that is a public record and not exempt from disclosure under the state's public records laws. Over time, DAS, the Office of the State Chief Information Officer, and the Office of Enterprise Information Services (EIS) have complied with this direction and have worked with the Commission to make various changes and enhancements to the website since its inception. In 2015, HB 3099 established the State CIO as a separate entity from DAS and transferred the duties, functions, and powers of the transparency website to the CIO's responsibility.

ORS 276A.253 directs the State Chief Information Officer (CIO) to develop and make available to the public a website that provides state agency and education service district information and other financial and budget data. The specified information includes:

- Annual state agency and education service district revenues
- Annual state agency and education service district expenditures
- Annual state agency and education service district human resources expenses, including compensation
- Annual state agency tax expenditures, including identity of the recipients of each tax expenditure when possible
- A description of percentages of expenditures made in-state and out-of-state for contracts for goods or services for the state agency
- A graphic representation of the primary funding categories and approximate number of individuals served by the state agency
- A description of the mission, function, and program categories of the state agency
- A copy of any audit report issued by the Secretary of State for the state agency
- Local service plans of the education service districts
- A copy of all reports required by statute for education service districts
- Notices of public meetings of state agencies and education service districts
- A link to the Secretary of State website for rules adopted by state agencies
- A link related to contracts and subcontracts entered into by state agencies or education service districts with specific information to the extent available
- An economic development section for information regarding specific economic development programs
- Information about the process for requesting copies of public records from a public body
- Links to revenue, expenditure, and budget information for local governments, special government bodies, semi-independent agencies and quasi-public entities, public universities, statewide programs operated by public universities, and community colleges
- Reports from the Department of Revenue on tax expenditures connected to economic development
- A copy of all reports received from counties and other local governments related to tax exemptions in enterprise zones

The statute also requires that the content for each state agency, to the extent practicable and subject to laws relating to confidentiality, should consist of existing data using existing state agency resources without the reallocation of resources and without any additional cost to the agency. State agencies are directed to provide the information in the format and manner required by the State CIO by

posting reports and providing links to existing information system applications and/or websites. The reporting requirements apply to all state agencies, boards, and commissions in the executive, legislative, and judicial branches of government as well as the Office of the State Treasurer.

In order to provide the required information within confidentiality laws, DAS followed the guidelines of the Oregon ID Theft Act (definition of Personally Identifiable Information) and Public Records Law ORS 192. To provide the information at no additional cost, DAS developed the website by posting reports or by using links to currently existing reports, websites, systems, and databases. The primary reports currently used by the State CIO include the following:

- Revenue Reports – DAS Chief Financial Office; Oregon State Lottery; Legislative Revenue Office; Office of Economic Analysis; Oregon Department of Education
- Expenditure Reports – DAS State Financial Management Services; Oregon State Lottery; Oregon Department of Transportation; Oregon Department of Aviation; Oregon Department of Education
- Contracts Reports – DAS Enterprise Goods and Services; Oregon State Lottery; Oregon Department of Transportation; Oregon Judicial Department; Office of the State Treasurer
- Human Resource Expenses/Salary Reports – DAS Chief Human Resources Officer; Oregon State Lottery
- Other Reports/Information – annual tax expenditure reports; energy tax credits and renewable energy grants reports; Secretary of State audits reports; agency mission, function, and program categories from the Oregon Blue Book; stimulus tracking and reporting; education service district reports; county lottery expenditure reports; economic and revenue forecasts; public meeting notices; annual performance progress reports; website links to other sources such as the Legislative Fiscal Office and DAS Chief Financial Office publications on the state budget, and Transparency Oregon Advisory Commission resources and reports

The State CIO reviews and updates datasets and informational website links perpetually throughout the year, and the entire Oregon transparency website annually. In addition, DAS has preserved the content posted for the previous fiscal years since 2009.

Screen prints of the current website portal are in Appendix C of this report.

MEETING ACTIVITY

December 2009

The Commission reviewed the initial website mockup and made the following recommendations to DAS for changes and enhancements: delete state employee names on website data for salaries; include a display of state employee average benefits; include state employee names on lists of vendor payments; include data on union dues, fair share payments, and political action contributions; add contact information for Commission members; provide links to local government websites; review possibilities for an improved display and standardization of lengthy reports; review possibilities of including data from semi-independent boards and commissions; and review the exemption of the Office of the State Treasurer.

May 2010

DAS reported on issues identified at the previous meeting and presented the updated website for review. The Commission discussed adding additional links on the website to other entities such as the

Committee on Performance Excellence, the Governor's Re-Set Cabinet, ORESTAR (Election Reporting), and other government efficiency sites. Interest was expressed in making the Tax Expenditure Report and data more accessible on the portal page of the website. The Commission also discussed including a web form to easily obtain public feedback on the website and enhancements that the public wants included.

September 2010

DAS again presented the modified website that included the additional links and other information recommended by the Commission at the previous meeting. Most of these additional links to information were included on the website's "Resources" page. In addition, the Commission received a presentation on the transparency websites of several other government units as potential models for improvements to Oregon's website. These other transparency websites included examples from Kentucky, Texas, Missouri, Illinois, and the City of Albany. The key criteria for an effective website were identified as comprehensive (including contracts and non-contract spending, tax expenditures, quasi-public agencies, and local government); one-stop (all data on one site, not links to other sites, and in one master searchable database); one click searchable (with the ability to download search results to a spreadsheet); raw data access; context (data with explanations of purpose and with performance measures); and regularly updated.

In 2011, the Commission did not meet as four of the original appointments became vacant or expired, including the chair of the Commission, and were not immediately reappointed.

December 2012

DAS presented the updated website that included past Commission recommendations as well as additions from legislation passed in 2011 and 2012. The additional information was provided from links on a menu on the main page in order to maximize space limits of the website. DAS reported that Oregon's transparency website score as rated by the U.S. Public Interest Research Group (USPIRG) was 87%, tied for 8th nationally. The Commission approved the addition of a website link to specific data from the Oregon Public Employees Retirement System (PERS). The data included unfunded liability amounts and employer contribution rates for state and local governments, school districts, and education service districts. The Commission expressed interest in improving public feedback measurements and providing easier mechanisms for public input regarding the website content.

November 2013

The Commission adopted the 2013 report, received an overview of and update on the transparency website from DAS, and discussed potential legislation for 2014.

May 2014

The Commission received an update on the transparency website as well as a report on the USPIRG ratings of transparency websites across the nation. Oregon earned an A-, the highest grade awarded, finishing with the second highest overall point total (a half-point behind Indiana) among all other states.

May 2015

The Commission adopted the 2015 report, received an update on the transparency website, and a report on the USPIRG ratings of the transparency websites across the nation. Oregon earned an A grade, the second-highest awarded, one of seven states to do so. In total score, Oregon ranked tied

for third with Wisconsin with a 96.5. Only Ohio (100), who received the only A+, and Indiana (97) had earned higher overall scores.

October 2015

The Commission received an update on the transparency website, including the consolidation efforts around the transparency datasets, and reviewed the overall status of the transparency program and resource needs.

January 2016

The Commission received an update on the transparency website. Additionally, the State CIO requested assistance for planning the next steps and future goals to advance Oregon transparency with a workgroup including two commission members created to address this issue.

May 2017

The Commission received an update on the transparency website, including the continuing consolidation efforts around the transparency datasets, and the USPIRG 2016 ratings report in which Oregon earned an A+ grade with a score of 100, tied for first in the nation with four other states. This marked the fifth straight year Oregon's grade and score had increased. Additionally, the workgroup established in January 2016 provided a draft of eight recommended goals for the future of the website, with the intent to review and adopt the goals at the next meeting.

September 2018

The Commission received an update on the transparency website and implementation of HB 2946, passed during 2017 legislative session. It also received a report on the USPIRG 2018 ratings in which Oregon earned a B- grade with a score of 81, ranking it 16th in the nation. The Commission took no formal action on the previously drafted goals for the future of the website as the newly appointed chair was unable to attend the meeting.

September 2019

The Commission received an update on the transparency website, including changes made as the website is migrated to a new web platform and reformatted in a mobile-friendly manner. The website has additional capacity for site visitors to filter and format data into user-friendly charts. The Transparency Program is housed in the Chief Data Office within the Office of the Oregon State Chief Information Officer (now called the Office of Enterprise Information Services). The Commission adopted Commission Rules and the 2019 Commission Report.

November 2019

The Commission met to discuss the Oregon Transparency Program and Website Goals and Key Performance Measures. The Transparency Program Goals were discussed in 2015 and 2017 but were back before the Commission for review and update. The Commission received an update from representatives of the Office of the State Chief Information Officer (now called the Office of Enterprise Information Services) on its contractor led external assessment of the Oregon Transparency Program and Website.

In 2020, the Commission did not meet as several of the appointments became vacant or expired, including the chair of the Commission, and were not immediately reappointed.

September 2021

The Commission received an update on the transparency website made for 2020 and 2021, including a review of the Gartner Benchmarking Assessment, proposed legislative changes because of the benchmark findings, and the current key performance measures for the Oregon Transparency Program and Website. The Commission adopted Commission Rules and the 2021 Commission Report and elected the Commission Chairperson.

May 2022

The Commission met to discuss recommended updates to the Oregon Transparency Program, including the annual transparency website refresh, recommended legislative concept/statutory changes, proposed program changes, and draft performance management and metrics approach.

December 2022

The Commission met to discuss the Oregon Transparency Website 2022 annual website refresh, Oregon Transparency Law, 2023 legislative concept key changes and objectives, and Oregon Transparency Program updates. Among the program updates were the transparency website redesign project kickoff anticipated in January 2023 and the formation of an advisory committee to solicit feedback on the Oregon transparency website's usability and functionality; offer opportunities for data providers and Oregon transparency website partners to provide input on the future growth and development of the website; and engage experts in the field of transparency, public records, and open data in the process of building and designing a website focused on government transparency.

WEBSITE FUTURE ENHANCEMENTS

ORS 276A.259 directs that this report include information relating to possible future enhancements to the website:

- Additional interactive visualizations for areas of the website that receive the most traffic, such as expenditures, salary/workforce data, and budget
- Performance outcomes that measure the success of state agency programs in achieving goals
- State agency bond debt
- State agency expenses for capital improvements
- Numbers and descriptions of jobs created through state agency contracts and subcontracts
- Lists of businesses and individuals that receive tax credits, deductions, refunds, rebates, and other subsidies from a state agency
- Lists of the names of contractors that received a contract from a state agency, including the number of contracts and compensation the contractors received
- Lists of the number of contracts that each state agency entered into during a biennium and amount of moneys each state agency spend on the contracts
- Feasibility of including an interactive application where citizens can simulate balancing a biennial budget for the state

Appendix A

Oregon Revised Statutes Related to Transparency

276A.250 – 276A.262

Oregon Transparency Website

276A.250 Definitions. As used in ORS 276A.250 to 276A.262, “state agency” means any officer, board, commission, department, division or institution of state government, as defined in ORS 174.111. [Formerly 184.480]

276A.253 Oregon transparency website. (1)(a) The State Chief Information Officer shall maintain and make available an Oregon transparency website. The website must allow any person to view information that is a public record and is not exempt from disclosure under ORS 192.311 to 192.478, including but not limited to information described in subsection (3) of this section. The State Chief Information Officer shall provide on the home page of the website a method for users to offer suggestions regarding the form or content of the website.

(b) The Oregon Department of Administrative Services shall assist the State Chief Information Officer in performing duties under paragraph (a) of this subsection to the extent the State Chief Information Officer deems the assistance necessary.

(2) State agencies and education service districts, to the extent practicable and subject to laws relating to confidentiality, when at no additional cost, using existing data and existing resources of the state agency or education service district and without reallocation of resources, shall:

(a) Furnish information to the Oregon transparency website by posting reports and providing links to existing information system applications in accordance with standards that the State Chief Information Officer establishes; and

(b) Provide the information in the format and manner that the State Chief Information Officer requires.

(3) To the extent practicable and subject to laws relating to confidentiality, when at no additional cost, using existing data and existing resources of the state agency or education service district and without reallocation of resources, the Oregon transparency website must contain information about each state agency and education service district, including but not limited to:

(a) Annual revenues of state agencies and education service districts;

(b) Annual expenditures of state agencies and education service districts;

(c) Annual human resources expenses, including compensation, of state agencies and education service districts;

(d) Annual tax expenditures of state agencies, including, when possible, the identity of the recipients of each tax expenditure;

(e) For each state agency, a description of the percentage of expenditures made in this state and the percentage of expenditures made outside this state under all contracts for goods or services the state agency enters into during each biennium;

(f) A prominently placed graphic representation of the primary funding categories and approximate number of individuals that the state agency or the education service district serves;

- (g) A description of the mission, function and program categories of the state agency or education service district;
 - (h) A copy of any audit report that the Secretary of State issues for the state agency or the education service district;
 - (i) The local service plans of the education service districts;
 - (j) A copy of each report required by statute for education service districts; and
 - (k) A copy of all notices of public meetings of the education service districts.
- (4) In addition to the information described in subsection (3) of this section:
- (a) The State Chief Information Officer shall post on the Oregon transparency website notices of public meetings the state agency must provide under ORS 192.640. If the state agency maintains a website where minutes or summaries of the public meetings are available, the state agency shall provide the State Chief Information Officer with the link to the state agency website for posting on the Oregon transparency website.
 - (b) The State Chief Information Officer shall post on the Oregon transparency website a link for the website that the Secretary of State maintains for rules that the state agency adopts. If the state agency maintains a website where the state agency posts the rules, or where any information relating to the rules of the agency is posted, the state agency shall provide the State Chief Information Officer with the link to the website for posting on the Oregon transparency website.
 - (c) The State Chief Information Officer shall provide links on the Oregon transparency website for information that the State Chief Information Officer receives concerning contracts and subcontracts that a state agency or education service district enters into, to the extent that disclosing the information is allowed by law and the information is already available on websites that the state agency or education service district maintains. To the extent available, the information to which the State Chief Information Officer links under this section must include:
 - (A) Information on professional, personal and material contracts;
 - (B) The date of each contract and the amount payable under the contract;
 - (C) The period during which the contract is or was in effect; and
 - (D) The names and addresses of vendors.
 - (d) The State Chief Information Officer shall provide an economic development section on the Oregon transparency website for posting of information submitted to the State Chief Information Officer by state agencies responsible for administering specific economic development programs. The section shall include, but not be limited to, the following information, if it is already collected or available within an existing database maintained by the state agency in the course of administering the economic development program:
 - (A) The names of filmmakers or companies that have received reimbursements from the Oregon Production Investment Fund under ORS 284.368 and the amount of each reimbursement;
 - (B) The amount of revenue bonds issued under ORS 285A.430 for the Beginning and Expanding Farmer Loan Program, the names of persons who received loans under the program and the amount of the loan;
 - (C) The names of persons who received grants, loans or equity investments from the Oregon Innovation Council under ORS 284.742 and the purpose and amount of the grant, loan or equity investment;
 - (D) Copies of, or links to, annual reports required to be filed under ORS 285C.615 under the strategic investment program;
 - (E) Copies of, or links to, annual certifications required to be filed under ORS 285C.506 for the business development income tax exemption; and
 - (F) Information required to be posted on the Oregon transparency website under ORS 276A.256.

(e) The information reported under paragraph (d) of this subsection:

(A) May not include proprietary information; and

(B) Shall be provided to the State Chief Information Officer by the state agency in the format and manner required by the State Chief Information Officer.

(f) The State Chief Information Officer shall post on the Oregon transparency website information describing the process for requesting copies of public records from a public body, including a link to the public records section of the Department of Justice webpage. At the request of a state agency or education service district, the State Chief Information Officer shall include a link to a location on the webpage of the agency or district that describes the process for requesting public records from the agency or district.

(5) In operating, refining and recommending enhancements to the Oregon transparency website, the State Chief Information Officer and the Transparency Oregon Advisory Commission created in ORS 276A.259 shall consider and, to the extent practicable, adhere to the following principles:

(a) The website must be accessible without cost and be easy to use;

(b) Information included on the Oregon transparency website must be presented using plain, easily understandable language; and

(c) The website should teach users about how state government and education service districts work and provide users with the opportunity to learn something about how state government and education service districts raise and spend revenue.

(6) If a state agency or an education service district is not able to include information described in this section on the Oregon transparency website because of the lack of availability of information or cost in acquiring information, the Transparency Oregon Advisory Commission created in ORS 276A.259 shall list the information that is not included for the state agency or education service district in the commission's report to the Legislative Assembly required under ORS 276A.259.

(7)(a) For the purpose of providing transparency in the revenues, expenditures and budgets of the following entities, the State Chief Information Officer shall include on the Oregon transparency website a page that provides links to websites established by:

(A) Local governments, as defined in ORS 174.116.

(B) Special government bodies, as defined in ORS 174.117.

(C) Semi-independent state agencies listed in ORS 182.454.

(D) Public universities listed in ORS 352.002.

(E) Public university statewide programs operated by a public university listed in ORS 352.002.

(F) The Oregon Health and Science University.

(G) The Oregon Tourism Commission.

(H) The Oregon Film and Video Office.

(I) The Travel Information Council.

(J) The Children's Trust Fund of Oregon Foundation.

(K) Oregon Corrections Enterprises.

(L) The State Accident Insurance Fund Corporation.

(M) The Oregon Utility Notification Center.

(N) Any public corporation created under a statute of this state and specifically designated as a public corporation.

(b) The State Chief Information Officer shall include a link to an entity's website after receiving a request from the entity and shall consider recommendations from the Transparency Oregon Advisory Commission for including other links to websites of the entities listed in paragraph (a) of this subsection.

(c) At the request of any local government, as defined in ORS 174.116, or special government body, as defined in ORS 174.117, the State Chief Information Officer shall include on the Oregon transparency website notices of public meetings required to be provided under ORS 192.640 by the local government or special government body. The local government or special government body must submit public meeting notice information in the format and manner required by the State Chief Information Officer.

(d) The office of Enterprise Information Services shall include a prominent link on the home page of the Oregon transparency website for information posted to the page described in paragraph (a) of this subsection.

(8) Nothing in this section prohibits the State Chief Information Officer or the Oregon Department of Administrative Services from incurring costs or requesting additional resources to develop, maintain or enhance the Oregon transparency website. [Formerly 184.483; 2019 c.131 §11; 2020 s.s.2 c.10 §5; 2021 c.17 §2]

276A.256 Reports of tax expenditures connected to economic development. (1) For each statute that authorizes a tax expenditure with a purpose connected to economic development and that is listed in subsection (2) of this section, the state agency charged with certifying or otherwise administering the tax expenditure shall submit a report to the State Chief Information Officer. If a statute does not exist to authorize a state agency to certify or otherwise administer the tax expenditure, or if a statute does not provide for certification or administration of the tax expenditure, the Department of Revenue shall submit the report.

(2) This section applies to:

(a) ORS 285C.175, 285C.362, 307.123, 307.455, 315.141, 315.331, 315.336, 315.341, 315.506, 315.507, 315.514, 315.533, 316.698, 316.778, 317.124, 317.391 and 317.394 and sections 1 to 5, chapter 112, Oregon Laws 2016.

(b) Grants awarded under ORS 469B.256 in any tax year in which certified renewable energy contributions are received as provided in ORS 315.326.

(c) ORS 315.354 except as applicable in ORS 469B.145 (2)(a)(L) or (N).

(d) ORS 316.116, if the allowed credit exceeds \$2,000.

(3) The following information, if the information is already available in an existing database the state agency maintains, must be included in the report required under this section:

(a) The name of each taxpayer or applicant approved for the allowance of a tax expenditure or a grant award under ORS 469B.256.

(b) The address of each taxpayer or applicant.

(c) The total amount of credit against tax liability, reduction in taxable income or exemption from property taxation granted to each taxpayer or applicant.

(d) Specific outcomes or results required by the tax expenditure program and information about whether the taxpayer or applicant meets those requirements. This information must be based on data the state agency has already collected and analyzed in the course of administering the tax expenditure. Statistics must be accompanied by a description of the methodology employed in the statistics.

(e) An explanation of the state agency's certification decision for each taxpayer or applicant, if applicable.

(f) Any additional information that the taxpayer or applicant submits and that the state agency relies on in certifying the determination.

(g) Any other information that state agency personnel deem valuable as providing context for the information described in this subsection.

- (4) The information reported under subsection (3) of this section may not include proprietary information or information that is exempt from disclosure under ORS 192.311 to 192.478 or 314.835.
- (5) No later than September 30 of each year, a state agency described in subsection (1) of this section shall submit to the State Chief Information Officer the information required under subsection (3) of this section as applicable to applications for allowance of tax expenditures the state agency approved during the agency fiscal year ending during the current calendar year. The information must then be posted on the Oregon transparency website described in ORS 276A.253 no later than December 31 of the same year.
- (6)(a) In addition to the information described in subsection (3) of this section, the State Chief Information Officer shall post on the Oregon transparency website:
- (A) Copies of all reports that the State Chief Information Officer, the Department of Revenue or the Oregon Business Development Department receives from counties and other local governments relating to properties in enterprise zones that have received tax exemptions under ORS 285C.170, 285C.175 or 285C.409, or that are eligible for tax exemptions under ORS 315.506, 315.507 or 317.124 by reason of being in an enterprise zone; and
- (B) Copies of any annual reports that agencies described in subsection (1) of this section are required by law to produce regarding the administration of statutes listed in subsection (2) of this section.
- (b) The reports must be submitted to the State Chief Information Officer in a manner and format that the State Chief Information Officer prescribes.
- (7) The information described in this section that is available on the Oregon transparency website must be accessible in the format and manner required by the State Chief Information Officer.
- (8) The information described in this section must be provided to the Oregon transparency website by posting reports and providing links to existing information systems applications in accordance with standards established by the State Chief Information Officer. [Formerly 184.484]

Note: 276A.256 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 276A or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

276A.259 Transparency Oregon Advisory Commission; members; duties; terms; reports.

- (1) There is created the Transparency Oregon Advisory Commission consisting of nine members appointed as follows:
- (a) The President of the Senate shall appoint two members from among members of the Senate, one from the majority party and one from the minority party.
- (b) The Speaker of the House of Representatives shall appoint two members from among members of the House of Representatives, one from the majority party and one from the minority party.
- (c) The Governor shall appoint one member from an executive branch agency.
- (d) The State Chief Information Officer shall appoint one member.
- (e) The Legislative Fiscal Officer shall appoint one member.
- (f) The President of the Senate and the Speaker of the House of Representatives shall each appoint one member of the public with experience or interest in public finance, public relations, measurement of performance outcomes or technology.
- (2) The commission shall advise and make recommendations to the State Chief Information Officer regarding the creation, contents and operation of, and enhancements to, the Oregon transparency website.
- (3) A majority of the members of the commission constitutes a quorum for transacting business.
- (4) A majority of the members of the commission must approve official action by the commission.

- (5) The commission shall elect one of the commission's members to serve as chairperson not later than October 1 of each odd-numbered year.
- (6) If there is a vacancy for any cause, the appointing authority shall make an appointment that becomes immediately effective.
- (7) The commission shall meet at times and places that the chairperson or a majority of the members of the commission specifies.
- (8) The commission may adopt rules necessary to operate the commission.
- (9) The commission shall use the services of permanent staff of the Legislative Fiscal Office to the greatest extent practicable to staff the commission. The State Chief Information Officer may provide additional assistance.
- (10) Notwithstanding ORS 171.072, members of the commission who are members of the Legislative Assembly are not entitled to mileage expenses or a per diem and serve as volunteers on the commission.
- (11) Members of the commission who are not members of the Legislative Assembly are not entitled to compensation or reimbursement for expenses and serve as volunteers on the commission.
- (12) All agencies of state government, as defined in ORS 174.111, shall assist the commission in performing the commission's duties and, to the extent permitted by laws relating to confidentiality, to furnish such information and advice as the members of the commission consider necessary to perform the members' duties.
- (13) The commission shall report to the Legislative Assembly not later than February 15 of each odd-numbered year. The report must describe:
 - (a) Enhancements made to the Oregon transparency website during the previous two calendar years;
 - (b) Possible future enhancements to the website, including but not limited to including information that relates to:
 - (A) Performance outcomes that measure the success of state agency programs in achieving goals;
 - (B) State agency bond debt;
 - (C) State agency expenses for capital improvements;
 - (D) Numbers and descriptions of jobs created through state agency contracts and subcontracts;
 - (E) Lists of businesses and individuals that receive tax credits, deductions, refunds, rebates and other subsidies from a state agency;
 - (F) Lists of the names of contractors that received a contract from a state agency, including the number of contracts and compensation the contractors received; and
 - (G) Lists of the number of contracts that each state agency entered into during a biennium and the amount of moneys each state agency spent on the contracts; and
 - (c) The feasibility of including an interactive application where citizens can simulate balancing a biennial budget for the state.
- (14) The term of office of each member is four years, but a member serves at the pleasure of the appointing authority. Before a member's term expires, the appointing authority shall appoint a successor whose term begins on January 1 next following. A member is eligible for reappointment. If there is a vacancy for any cause, the appointing authority shall make an appointment that becomes immediately effective for the unexpired term. [Formerly 184.486]

276A.262 Transparency Oregon Advisory Commission Fund. (1) The Transparency Oregon Advisory Commission may accept contributions of moneys and assistance from the United States Government or its agencies or from any other source, public or private, and agree to conditions placed on the moneys not inconsistent with the duties of the commission.

(2) There is established in the State Treasury, separate and distinct from the General Fund, the Transparency Oregon Advisory Commission Fund. The fund consists of moneys received by the commission under this section and such other moneys as may otherwise be made available by law. Interest earned on the fund shall be credited to the fund. Moneys in the fund are continuously appropriated to the commission and may be used only for the performance of the functions of the commission. [Formerly 184.488]

Appendix B

Commission Membership

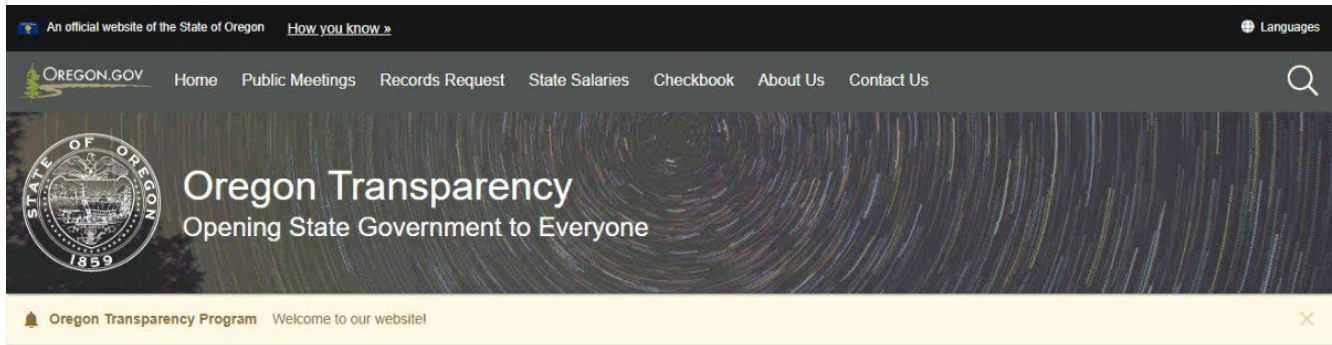

| Name | Appointing Authority | Current Term Expires |
|------------------------------|----------------------------------|-----------------------------|

State Agencies

Introduction

The Office of the Chief Human Resources Officer's (CHRO) purpose is to provide direction and services to promote a stable and qualified workforce in Oregon state government, while reflecting the state's values of accountability, equity, excellence and integrity.

They oversee state agencies' human resources (HR) functions: Classification and Compensation, HR Policy, Executive Recruitments, Labor Relations and Workforce Development. We also provide services to state agencies for a variety of HR needs, including operations and systems through service level agreements.

Under the law, some agencies have authority to manage their workforce independent of DAS administrative rules, policies, and human resources reporting systems. Examples include Oregon Lottery, Oregon Judicial Department, the Oregon University System, and Oregon's semi-independent boards and commissions.

Oregon Lottery

Introduction

The Lottery separated from the State's payroll system on June 1, 2013. This was done to improve productivity and efficiency of the Lottery's payroll process, by partnering with Ceridian, a payroll service provider who provides an automated time and attendance system, and a Human Resource/Payroll system.

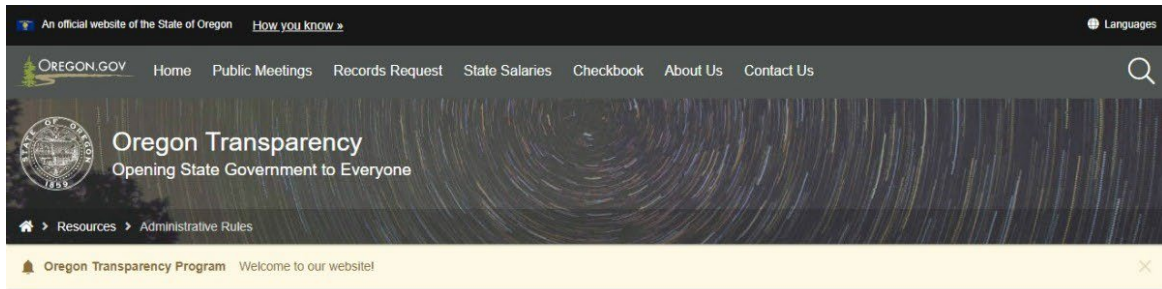

What's included in this salary report?

Salaries of Lottery Employees - Multi-Year Report

Overview

HB 2946 (2017) passed during the 2017 Legislative Session, and requires data and informational links to budget, revenue, and expenditures be reported for Community Colleges, Universities, and Statewide University Programs. These requirements are noted in sections 1(7)(a)(B), (D) and (E) of the bill.

Universities as noted in ORS 352.002, are represented through the following reports. Per HB 2946 (2017), section 1(7)(a)(E), data and informational links to statewide programs operated by public universities are also provided.

Search

HB 2946: University Statewide Programs

| University - Statewide Program Name | Program Data | Program Description | |
|---|---|---|---|
| Clinical Legal Education - Domestic Violence Clinic | https://brp.uoregon.edu/content/budget-reports | This program provides funding to any accredited public or private institution of higher education within Oregon which provides clinical legal services to victims of domestic violence, stalking or sexual assault. Distribution of the funds is on an application basis. | + |
| Dispute Resolution - Oregon Consensus | https://oregonconsensus.org/about-us/our-budget/ | The UO administers the Oregon Office of Community Dispute Resolution (OOCDR) which provides mediation services and conflict resolution training to private parties. The OOCDR also provides funding and training support to 20 community dispute resolution centers, serving 25 Oregon counties. PSU administers the Oregon Consensus program, within the National Policy Consensus Center, which facilitates collaborative, agreement seeking processes that unite communities, government, and businesses to resolve differences and build durable agreements that address public issues. | + |

| | | | |
|---|---|---|---|
| Dispute Resolution - Oregon Office for Community Dispute Resolution | https://brp.uoregon.edu/content/budget-reports | The UO administers the Oregon Office of Community Dispute Resolution (OCCDR) which provides mediation services and conflict resolution training to private parties. The OCCDR also provides funding and training support to 20 community dispute resolution centers, serving 25 Oregon counties. PSU administers the Oregon Consensus program, within the National Policy Consensus Center, which facilitates collaborative, agreement seeking processes that unite communities, government, and businesses to resolve differences and build durable agreements that address public issues. | + |
| Fermentation Science | https://fa.oregonstate.edu/node/103/#oreg-transparency | This funding was intended to "expand fermentation science programs" at Oregon State University. Fermentation science funding supports Oregon's fast-growing beer, wine and spirits industries and is one of the only programs of its type in the country. | + |
| Institute for Natural Resources | https://fa.oregonstate.edu/node/103/#oreg-transparency | The Institute for Natural Resources (INR) at Oregon State University is a cooperative enterprise bringing the scientific knowledge and expertise of Oregon's public universities and other Oregon higher education institutions to bear on natural resource management. The enacting legislation states that INR shall: (a) serve as a clearinghouse for scientifically based natural resources information; (b) provide scientifically based natural resources information to the public in integrated and accessible formats; (c) coordinate efforts with other state agencies and bodies to provide natural resources information to the public in a comprehensive manner; (d) facilitate and conduct research; and (e) provide information and technical tools to assist decision-making on natural resources issues. | + |
| Labor Education Research Center | https://brp.uoregon.edu/content/budget-reports | The Labor Education and Research Center (LERC) at the University of Oregon was established in 1977 in order to give workers and labor unions in Oregon access to the resources and expertise of the state's higher education system. Working from offices in Eugene and Portland, LERC's faculty have backgrounds in adult education, political science, labor and public policy, history, and community organizing. LERC offers a wide range of non-credit workshops and customized trainings in areas such as representation skills, effective communication, building inclusive organizations, labor history, political economy, and the law. | + |
| Ocean Vessels Research | https://fa.oregonstate.edu/node/103/#oreg-transparency | This state-funded program provides ship days for the use of the Research Vessel (RV) Oceanus in the research and study of Oregon's coastal waters. The appropriation for the current biennium funds 24 days of ship use during the biennium, including fuel, supplies and labor. | + |
| Oregon Climate Change Research Institute | https://fa.oregonstate.edu/node/103/#oreg-transparency | The Oregon Climate Change Research Institute (OCCRI) facilitates research, serves as a climate change information clearinghouse, provides technical assistance, and at least once each biennium, assesses the state of climate change science as it relates to impacts on Oregon. OCCRI is housed within the OSU College of Oceanic and Atmospheric Sciences (COAS). | + |
| Oregon Renewable Energy Center | https://www.oit.edu/orec | Oregon Tech's OREC program serves small and medium-sized companies seeking a university collaborator to prototype, test, validate and accelerate "cleantech" products, and renewable energy applications. OREC's geo-heat center maintains a geothermal library of over 5,000 publications, and provides information and technical assistance on the use of geothermal energy to thousands of constituents worldwide, with a focus on assisting small Oregon-based businesses with applications of geothermal energy. | + |
| Oregon Solutions | http://orsolutions.org/about/oregon-solutions-budget | Oregon Solutions (OS) at Portland State University promotes a new style of community governance, one based on the principles of collaboration, integration, and sustainability. OS is a state-funded program that brings together local groups to solve local problems using sustainable methods. | + |

Agency Expenditures

Introduction

This multi-year report provides information on expenditures (i.e., cash transactions/payments) for the agencies that utilize the Statewide Financial Management Application (SFMA) issued for fiscal years 2022 - 2019.

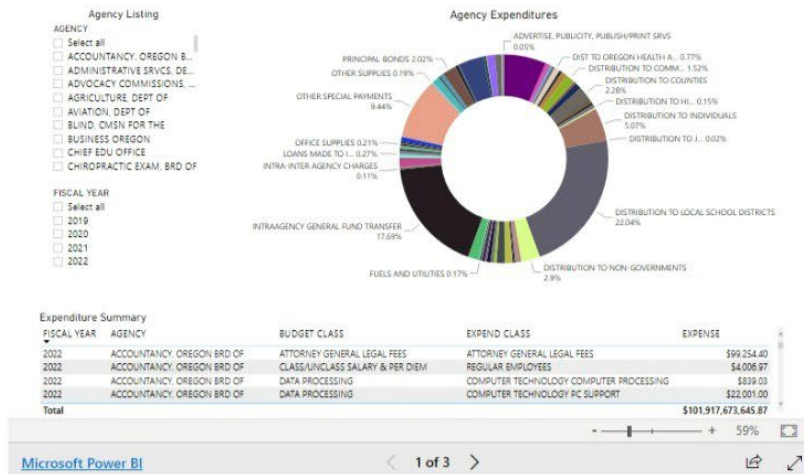

Aviation and ODOT expenditure files are each generated by other systems maintained by those agencies, respectively - (i.e. SFMA is not used to generate the information) though these agencies have been included in this dataset and report.

What's included in this report?

Overview

Introduction

Department of Administrative Services Procurement Services (DASPS) is the central procurement authority for state agencies that are subject to DAS authority. This office develops, establishes, and administers statewide contracts for goods and services, on behalf of state government and Oregon Cooperative Procurement Program (ORCPP) members. These contract reports and descriptions reflect the diversity within the state government contracting and procurement environment.

State law gives some agencies authority to enter into contracts without DASPS. Examples include the Oregon Lottery, Judicial Department, and the Department of Transportation.

Overview

What are Quasi-Public Entities?

In general, "quasi-public" entities are publicly chartered bodies that provide a public service and are overseen by an appointed board, commission, or committee. Typically, these entities do not rely on the State's General Fund to operate.

Reporting Requirements

Quasi-Public Reports

Search

Semi-Independent State Agencies, Public Corporations, & Insurance Entities

| Agency/Entity Name | Description | Classification/Agency - Entity |
|--|--|--------------------------------|
| Appraiser Certification & Licensure Board | The Board shall operate as a semi-independent state agency subject to ORS 182.456 to 182.472 for purposes of carrying out the provision of chapter ORS 674.305. This semi-independent agency is funded 100 percent by licensing fees. ORS 674.340. All moneys, fees and charges collected or received by the Appraiser Certification and Licensure Board pursuant to ORS 674.330 shall be paid into the account created by the board under ORS 182.470. All moneys in the account are appropriated continuously to the board to carry out the duties that the board is charged with administering. | Semi-independent state agency |
| Architect Examiners, Oregon State Board of | 100% Self funded | Semi-independent state agency |
| Citizens' Initiative Review Commission | For a summary overview visit: http://www.oregon.gov/circ/Pages/about_us.aspx#Overview . Relies on private and charitable donations, and is currently seeking additional funding sources. | Semi-independent state agency |
| Corrections Enterprises (OCE), Oregon | 100% Self-funded through the sale of products and services. ORS 192.502(30) lists OCE public records exemptions, while Oregon Corrections Enterprises (OCE) reports data to DAS for inclusion in the Comprehensive Annual Financial Report (CAFR). Information is also published in the Oregon Corrections Enterprises (OCE) Annual Report posted on the website. | Semi-independent state agency |
| Examiners for Engineering & Land Surveying, State Board of | The agency is self-funded and fully supported by its licensing and registration fees (see ORS 182 and OAR 820, Division 80). The agency budget is not subject to review and approval by the Legislative Assembly or to future modification by the Emergency Board or the Legislative Assembly (see ORS 182.462). The Agency adopts its budget (see OAR 620-080-1000) through the rulemaking process. | Semi-independent state agency |
| Geologist Examiners (OSBGE), Oregon State Board of | 100% fee revenues. As a semi-independent agency, the Board must be totally self-supporting. The overwhelming majority of fee revenue comes from license registrations and renewals. | Semi-independent state agency |
| Health & Science University, Oregon | See "Other Documents" column for link to additional information. | Public Corporation |
| Landscape Architect Board (OSLAB), Oregon State Board of | 100% fee revenues. As a semi-independent agency, the Board must be totally self-supporting. The overwhelming majority of fee revenue comes from license registrations and renewals. | Semi-independent state agency |
| Landscape Contractors Board, State | 100% self-funded, primarily licensing. | Semi-independent state agency |
| Massage Therapists, Oregon Board of | The agency is funded by revenue generated from application, and license fees. Other sources include civil penalties, late fees, and the sale of mailing lists. The board has recently started including the fiscal data in the Board's meeting minutes. | Semi-independent state agency |

 **Subscribe for our email updates**

Oregon's Enterprise Zones primarily incentivize new business investments by abating all local property tax for a certain number of years. Sponsored by city, port, county, or tribal governments, an enterprise zone typically serves as a focal point for local development efforts. There are currently 76 enterprise zones creating better opportunities for business and employment across Oregon: 58 rural and 18 urban. Local governments are responsible for creating, amending, managing, and renewing most of these zones until June 30, 2025.

For more information, please contact our Business Incentives Coordinator.

Programs: Oregon Film

| Program | Description | Recruited Spending/Tax Credits | How to Quality? |
|---|---|--|---|
| Greenlight Program Reimbursements | The Greenlight Oregon Labor Rebate ("GOLR") is designed to recruit film, television, interactive media, and commercial production as well as post-production to Oregon. GOLR is an essential tool along with the Oregon Production Investment Fund (OPIF) in recruiting film, TV and media production, and GOLR specifically, is an invaluable tool in expanding the TV commercial sector. | Through the combination OPIF & GOLR, the Oregon Film & Video Office recruited and tracked \$117,000,000 of film, television, commercial and media production spending, including over \$17,500,000 of television commercial spending by Oregon based companies during the fiscal year 2021-2022 supporting more than 3000 jobs and countless local vendors. GOLR provides a 6.2% rebate on qualified Oregon labor expenditures. This is currently defined as labor expenditures subject to Oregon withholding taxes. | In order for a filmmaker to qualify for GOLR, they must meet a set of criteria including: 1) Submit an application https://oregonfilm.org/incentives/ ; 2) Film and TV producers must spend at least \$1,000,000 in Oregon on a project; 3) TV Commercial producers must spend at least \$1,000,000 in Oregon over one calendar year; 4) Submit report(s) of Oregon expenses subject to an audit. + |
| Oregon Prod Invest Fund (OPIF): Auction Results | The Oregon Production Investment Fund (OPIF) is designed to provide taxpayers in Oregon with a tax credit if the taxpayer participates in an annual public auction, submits a completed application, contributes the agreed upon amount, and there are available tax credits for that fiscal year. The funds raised through this program are used for the film and television production rebate portion of the program. | Every year the legislature allocates a fixed amount of tax credits for this program. In fiscal year 2021-2022, that amount was \$20,000,000. | The Oregon Department of Revenue oversees an auction for the sale of these tax credits every year. For more information visit https://oregonfilm.org/tax-credits/ . + |

| | | | | |
|---|---|---|--|---|
| Oregon Production Investment Fund ("OPIF") | The Oregon Production Investment Fund ("OPIF") offers qualifying film or television productions spending more than \$1 million in Oregon, a 25% cash rebate on production-related goods and services paid to Oregon vendors, and a 20% cash rebate of pay rolled wages paid for work done in Oregon. OPIF is a capped annual fund: \$20 million for July 1, 2021 - June 30, 2022 fiscal year. Note: No single production can take more than 50% of the fund in any given fiscal year. | Through the combination OPIF & GOLR, the Oregon Film & Video Office recruited and tracked \$117,000,000 of film, television commercial, interactive media, and post-production spending in the state during fiscal year 2021-2022, and supported more than 3000 jobs and countless local vendors. In addition, Oregon Film offers subsets of the OPIF program to "locally produced" projects spending less than \$1M in the state (L-OPIF) and "regionally produced" projects that are producing all or part of their project outside of the 30 mile production zone from Portland's Burnside Bridge (R-OPIF). | In order for a filmmaker to qualify for OPIF they must meet a set of criteria including: 1) Submit an application at https://oregonfilm.org/incentives/ ; 2) A production must directly spend at least US \$1million in Oregon to qualify for OPIF; 3) Local Filmmakers may qualify for L-OPIF with spending as low as \$75,000 with a 80% locally hired crew; 4) Submit detailed report(s) of Oregon expenses subject to an audit. R-OPIF projects can qualify for an additional incentive through an application and the submission of the details of their regional (non-Portland metro) production work and spending. | + |
| Local Oregon Production Investment Fund ("L-OPIF") | A dedicated portion of the OPIF program is the Local Oregon Production Investment Fund ("L-OPIF"). L-OPIF provides rebates of 25% of goods and services and 20% of Oregon labor for projects by Oregon producers and crews who spend a minimum of \$75,000, incentivizing up to the first \$1 million of their spend. | In fiscal year 2020-2021, the L-OPIF fund was segregated as 7.5% of the overall OPIF fund, or approximately, \$1,400,000 for the 2021-22 FY. On its own, L-OPIF supported \$4 million of production activity in the state, focusing on local crews and producers. | In order for a filmmaker to qualify for L-OPIF they must meet a set of criteria including: 1) Submit an application at https://oregonfilm.org/incentives/ ; 2) Local Filmmakers may qualify for L-OPIF with spending as low as \$75,000 with a 80% locally hired crew; 3) Submit detailed report(s) of Oregon expenses subject to an audit. | + |
| Regional Oregon Production Investment Fund ("R-OPIF") | Another dedicated portion of the OPIF program is the Regional Oregon Production Investment Fund ("R-OPIF"). During the 2021-2022 fiscal year R-OPIF helped eight projects bring some or all of their production work to places like Silverton, Albany, Cloverdale, Nehalem, Gearhart, Enterprise, Joseph and Vernonia. | R-OPIF has two qualifying sections: 1) for productions basing themselves in Portland that produce one (1) or more shooting days outside of a 30 mile zone from Burnside Bridge and; 2) for productions that base the entirety of their production outside of the same 30 mile zone. R-OPIF rebates costs directly associated with the travel outside of the zone for qualifying projects under (1) above or R-OPIF adds a further +10% to the OPIF rebate provided to projects qualifying under (2) above. R-OPIF is available. The R-OPIF fund was segregated as 3% of the overall OPIF fund, or approximately \$550,000 for the 2021-22 FY. | R-OPIF projects can apply to qualify for an additional incentive through the completion of an R-OPIF application and the submission of the details of their regional (non-Portland metro) production work and spending. Audits on the numbers of production days completed in the region as well as the local spending done in the local region are completed prior to there payment of any R-OPIF incentive. | + |

Overview

What are Tax Credits?

The 1995 Budget Accountability Act (ORS 291.201) defines a tax expenditure as: any law of the Federal Government or of this state that exempts, in whole or in part, certain persons, income, goods, services, or property from the impact of established taxes, including, but not limited to tax deductions, tax exclusions, tax subtractions, tax exemptions, tax deferrals, preferential tax rates, and tax credits.

The term "tax expenditure" derives from the parallel between these tax provisions and direct government expenditures. For example, a program to encourage businesses to purchase pollution abatement equipment could be structured with an incentive in the form of a tax credit or a direct payment by the state to businesses.

Tax expenditures can be viewed as: (1) providing financial assistance to certain groups of taxpayers, (2) providing economic incentives that encourage specific taxpayer behavior, or (3) simplifying or reducing the costs of tax administration. While the third of these policy objectives eliminates inefficiencies within the tax code, the first two could be implemented with direct expenditures rather than tax expenditures.
