Related Training Provider (RTP):
OSU: E-Campus

First Oregon Registered Apprentices Complete the Program!

A Word from JATC Member and Secretary: Kim Bayer, Ed.D., Hillsboro, SD

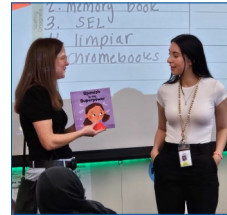

Hillsboro School District is in great appreciation of the apprenticeship program. It provided a high-quality, on-the-job mentoring experience for our apprentices with uninterrupted income. Our first two apprentices graduated from HSD and had a goal of serving our community as dual language teachers. We are thrilled that they both have been hired as dual language elementary teachers in the schools they completed their apprenticeship. I have appreciated being a member of the JATC. I'm grateful to connect with other like-minded educators across the state who are committed to this pathway to alleviate workforce shortages and diversify the teaching force. I look forward to continued collaboration with various entities to grow this into a sustainable program for the state.

A Word from JATC Related Training Partner: Melissa Potter, OSU E-Campus

Oregon State University is excited to celebrate Janet and Stephanie as they complete Oregon's apprenticeship program. As apprentices, and now as licensed teachers, Janet and Stephanie epitomize the purpose of the apprenticeship pathway: serve our communities by growing a well-prepared teaching workforce that reflects our community. In partnership, the apprenticeship pathway provides the supports to offer a structured, highly-accountable preparation pathway with uninterrupted income, high-quality mentoring, and credit for on the job training. The apprenticeship pathway helps us welcome all community members to the teaching workforce, especially those who could otherwise not access the teaching profession.

Stephanie Mondragon Manujano— 4th Grade DL Teacher at Lincoln Street Elementary School

Janet Viveros Suarez— 3rd Grade DL Teacher at Free Orchards Elementary School

JATC Update:

The JATC currently has 14 registered teaching apprentices serving students in Multnomah ESD, Hillsboro SD, Southern Oregon ESD, Willowa ESD, and Woodburn SD. Advanced Mathematics was recently added as a Standard.
